The MSRC’s allocation was based upon receipt of matching funds of at least an equivalent amount, to be provided collectively between SCAG and participating city and county governments. Additionally, the MSRC’s contribution was to be split equally amongst projects in the Los Angeles, Orange, Riverside, and San Bernardino Counties, unless meritorious projects totaling \$500,000 were not received from within a county. Contract #MS18015 was executed to effectuate the award, and requires selection of specific project elements as the second task. SCAG has submitted their proposed project list and requests approval. SCAG also requests reallocation of costs between tasks for the project co-funding.

AGENDA ITEM #1

Summary of Final Report by MSRC Contractors

MSRC-TAC Agenda Item No. 1

Date: April 7, 2019
From: Ray Gorski, MSRC Technical Advisor
Subject: Final Report Received and Reviewed

One Final Report is forwarded for MSRC-TAC review and approval:

- Walnut Valley Unified School District, MS16097 (\$250,000 – Upgrade & Expansion of Existing Compressed Natural Gas Refueling Station & Vehicle Maintenance Facility)

A summary of this Final Report is attached. The MSRC staff has reviewed this Final Report and recommends approval.

Contractor: Walnut Valley Unified School District
Contract Number: MS16097
Contract Amount: \$250,000
Title: Upgrade & Expand CNG Refueling Station & Vehicle Maintenance Facility

Discussion: Walnut Valley Unified School District designed and built a Compressed Natural Gas (CNG) refueling station to replace an existing slow fill station that had exceeded its useful life. The newly renovated CNG Fuel Station located at 880 S. Lemon Avenue in Walnut, California, meets the current and future CNG fueling needs of the school district. The station was designed with the purpose of facilitating a fleet of 24 CNG school buses as well as planned additions to the fleet. In the past five years, 13 higher polluting diesel buses were replaced with 13 CNG-fueled buses. In 2019 the District will be replacing four additional older diesel buses with four new CNG-fueled buses.

A primary project objective was to accommodate the station expansion using the same location currently being used by the District’s school buses. This was accomplished by the installation of a dual skid- mounted, 75 standard cubic feet per minute (SCFM) compressor system complete with time-fill system controls capable of 150 SCFM, a communication panel, and eight (8) additional dual-time fill posts, as shown below:

Quantity	Equipment	Specifications
2	Compressor	W120B1-AL High Pressure, Air Cooled Compressor – 75 SCFM electric, motor-driven, skid mounted CNG compressor system complete with integrated compressor and time-fill system controls including a communication panel, on-skid starter pane, and on-skid time fill panel.
1	Dryer	PSB Model NG-SV-6.5-2 Dryer – low-pressure non-regenerative desiccant-type gas dryer
14	Fueling Nozzle	CNG Nozzle, 3600 psig
8	Time-fill Post Assemblies	Dual-hose non-metered time-fill post assemblies

In order to obtain the most cost-effective pricing, Walnut Valley USD released a call for bids prior to entering into an agreement for services. Walnut Valley USD released bid openings for the CNG Fuel Facility Upgrade Project in March 2016. WVUSD entered into an agreement with Fueling and Service Technologies, Inc. dba Fastech in April 2016. Construction for the project started in May 2016. Fastech removed the older equipment and completed trenching for electrical, gas lines, and fueling posts, and also cut and removed noncompliant bollards.

After the site preparations were completed, the contractor installed the new CNG equipment (compressor, dryer, time- fill post), new fencing, concrete masonry unit (CMU) block wall enclosure, emergency shutdown (ESD) buttons, and signage. The existing parking lot was slurry coated and restriped. An existing light pole was relocated and a new head installed, as well as two (2) new light

poles and heads. There was a final fire and building inspection prior to station start-up and commissioning.

Compressor Design and Services, Inc. CDSI performed the commissioning of the compressor packages on July 8, 2016. The installation and commissioning consisted of testing the utility gas and electric connections, as well as operation of the compressor package.

Compressor pressure and temperatures were within the standard expected range with only a slightly lower inlet pressure than expected. This was due to an inlet regulator that was installed previously by the city gas utility. The regulator was replaced and both compressors are currently operating well within expected operating parameters. There were no project delays due to the initial low inlet pressure.

A trained CDSI technician will perform monthly service and routine maintenance to assure continuous operational availability of the station.

Issues Encountered: Southern California Gas Company (SoCalGas) service had to be suspended for approximately one month while SoCalGas upgraded the gas service line and installed a new meter. The existing school bus fleet was required to find an alternate site to fuel the CNG buses. Walnut Valley USD was able to enter into agreement with Titan CNG and fuel the fleet of CNG school buses at the South Coast AQMD. During the course of the project, Walnut Valley USD did not encounter any other significant issues.

Refueling Station Results: Walnut Valley USD first acquired CNG school buses in 2012 with an initial fleet of 16 CNG buses. The District increased the fleet with eight (8) additional buses in 2014, retiring the older pre-1997 diesel buses. With the expanded and upgraded CNG fueling station, the District expects to utilize approximately 270 Diesel Gallon Equivalent (DGE) per day. As the compressors are sized to produce approximately 300 DGE equivalent over a 12-hour period at night, the system should serve the needs of the District for the next 15 years or more.

Maintenance Facility Modifications: Walnut Valley USD also upgraded the current vehicle maintenance facility located at 880 S. Lemon Avenue. Walnut Valley USD installed a methane detection system, including overhead methane detection detectors, emergency lights, overhead exhaust fans with energy efficient motors, motorized roll up garage doors for automatic opening during an alarm, automatic shut off valve to the existing gas regulator, automatic shutoff to lighting controls during a detection, safety signage, exterior emergency lighting, and a complete methane detection control panel.

AGENDA ITEM #4

Contract Modification Request by
City of Rialto

MSRC-TAC Agenda Item No. 4

DATE: April 4, 2019

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: 16-Month Term Extension by City of Rialto, Contract #ML16077

SYNOPSIS: The City requests a 16-month term extension to allow them to complete a feasibility study to determine the preferred bike share system type, as part of the FYs 2014-16 Local Government Match Program.

FINANCIAL IMPACT: None

RECOMMENDATIONS: None

ATTACHMENTS: Contractor's letter requesting modification

DISCUSSION:

Contractor: City of Rialto

Project Title: Implement Pedestrian Improvements and Bike Sharing

MSRC Funding: \$463,216

Project Term: May 3, 2018 to October 2, 2021

Current Request: Sixteen-month term extension

Previous Requests: None

Project Description: The City was awarded \$463,216 under the MSRC's FYs 2014-16 Local Government Match Program to complete pedestrian improvements on several roadways and to implement a bike sharing program. MSRC staff are attempting to ascertain the status of the pedestrian improvements; no work has been completed on the bike share program. Nothing has been paid to date on this contract.

Contract Request: Subsequent to submitting their application and executing the contract, the City has begun to re-think their approach to the bike sharing program. New developments in the micro-mobility industry include the introduction of dockless bicycles and well as electric scooters. Prior to investing in and installing the traditional docking station hardware and bicycles, the City proposes to conduct a feasibility study to evaluate the older and newer options. The City requests a sixteen-month contract term extension to allow them to a)

conduct the study, and b) if recommended by the study's results, the City would return to the MSRC to request additional changes to the project implementation.

SUBJECT: PROPOSED EXTENSION FOR THE CITY OF RIALTO'S BIKESHARE GRANT

Dear Mrs. Ravenstein:

The City of Rialto would like to propose the following adjustments for the City of Rialto's Bikeshare Grant. The current contract expiration is October 2, 2021. We would like to propose a contract end date of December 31, 2022.

The concept of docked bikeshare has changed dramatically in the last few years. As a result, the City of Rialto proposes to conduct a micro-mobility feasibility study that looks at docked and dockless bikes, as well as electric motorized scooters as current solutions to reduce greenhouse gas emissions and Vehicle Miles Travelled (VMTs). The expanded study will evaluate the feasibility of the following:

- Third-party owned and maintained, a dock-based bikeshare program.
- Third-party owned and maintained, dockless, bikeshare/scootershare program.

As part of the feasibility study, we will also identify needed data from third-party vendors for the City to understand origin and destination trip information and ultimately promote/increase mode shift.

Additionally, the City of Rialto requests that the specific implementation actions be determined after the feasibility study is completed. The feasibility study will identify and recommend a preferred bikeshare system type, which, depending on the study, could have vastly different implementation steps. For example, a docked system would require the purchase of docks, while a dockless system would require the creation of a permit program to regulate the service.

We are committed to being the first City in the Inland Empire to advance micro-mobility in the region.

We would like to thank you in advance for this consideration. If you have any other questions or comments, please contact Azzam Jabsheh, P.E., Associate Civil Engineer at (909) 820-2525 ext. 2082, or by email at ajabsheh@rialto.ca.gov.

Sincerely,

Robert G. Eisenbeisz, P.E.
Public Works Director/City Engineer

AGENDA ITEM #5

Consider Selection of Specific Project Elements and
Reallocation of Costs between Tasks by
Southern California Association of Governments (SCAG)

MSRC-TAC Agenda Item No. 5

DATE: April 4, 2019

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: Consider Selection of Specific Project Elements by Southern California Association of Governments (SCAG) under Contract #MS18015

SYNOPSIS: As an element of the FYs 2016-18 Work Program, the MSRC allocated \$2 million to partner with SCAG on their “Future Communities” regional program to support local agencies in implementing pilot projects to reduce vehicle miles traveled (VMT) through the use of new technologies and enhanced data analytics. The MSRC’s allocation was based upon receipt of matching funds of at least an equivalent amount, to be provided collectively between SCAG and participating city and county governments. Additionally, the MSRC’s contribution was to be split equally amongst projects in the Los Angeles, Orange, Riverside, and San Bernardino Counties, unless meritorious projects totaling \$500,000 were not received from within a county. Contract #MS18015 was executed to effectuate the award, and requires selection of specific project elements as the second task. SCAG has submitted their proposed project list and requests approval. SCAG also requests reallocation of costs between tasks for the project co-funding.

RECOMMENDATION: None

FISCAL IMPACT: None

ATTACHMENTS: SCAG’s letter and proposed “Future Communities” project list

DISCUSSION:

Contractor: Southern California Association of Governments
Project Title: Implement Future Communities Program
MSRC Funding: \$2,000,000
Project Term: February 1, 2019 to March 31, 2023
Current Request: Approve project list and reallocate \$50,000 from Task I, \$40,000 from Task II and \$10,000 from Task IV to Task III
Previous Requests: None

Project Description: The MSRC allocated \$2 million to partner with SCAG on their broad-based “Future Communities” regional program to support local agencies in implementing pilot projects to reduce VMT through the use of new technologies and enhanced data analytics. The MSRC’s allocation was based upon receipt of matching funds of at least an equivalent amount, to be provided collectively between SCAG and participating city and county governments. Additionally, the MSRC’s contribution was to be split equally amongst projects in the Los Angeles, Orange, Riverside, and San Bernardino Counties, unless meritorious projects totaling \$500,000 were not received from within a county.

Contract #MS18015 was executed to effectuate the award. Task I required SCAG to research promising practices. Task II required selection of specific project elements. SCAG issued a Call for Projects for city and county jurisdictions to implement the project elements. With input from the MSRC’s Technical Advisor, SCAG has developed a proposed project list (attached) for MSRC approval. Only one application was submitted from a jurisdiction within Orange County, so the remaining funds allocated for Orange County projects are proposed to be distributed to other jurisdictions.

Additionally, SCAG has been able to accomplish Task I and Task II at lower costs than anticipated. SCAG requests to reallocate \$50,000 from Task I, \$40,000 from Task II and \$10,000 from Task IV (Reporting) to Task III (Implementation). There would be no change to the MSRC’s contribution to the project, all of which would continue to be applied to Task III.

*Subject: MSRC Approval of Project List and Amendment of Payment
Schedule for Contract Number MS18015*

Dear Ms. Ravenstein:

SCAG is requesting approval of the enclosed Project List as required under Contract Number MS18015 for the Future Communities Pilot Program (FCPP). The FCPP is funded with \$2 million of AB 2766 Discretionary Funds, \$1 million of SCAG co-funding, and \$1 million of cities and counties co-funding. SCAG has completed its first task to research promising practices and its second task to select specific project elements.

SCAG issued a Call for Applications on November 1, 2018 and received ten application submissions totaling \$3.7 million in requested funding. Applications were scored according to a rubric that considered project rationale, project design, readiness and sustainability, along with a project interview. Based on the evaluation scoring results, SCAG has selected eight of the ten applications for funding allocation, as identified in the enclosed Project List.

Contract Number MS18015 stipulates that MSRC's \$2 million contribution be split equally amongst projects in jurisdictions in Los Angeles, Orange, Riverside and San Bernardino Counties, except that where meritorious projects totaling at least \$500,000 are not submitted from within a county, the unused county balance would be made available to projects in other counties. This was such the case with Orange County, where only one application was submitted. The unused county balance was distributed to projects in other counties.

SCAG is also requesting amendment of the Payment Schedule, included in Contract Number MS18015 as Attachment 2. The revisions to the Payment Schedule, enclosed, would re-allocate only the SCAG ("Contractor") Co-Funding amounts between the four identified Tasks, and therefore would also revise the total costs of the four Tasks. There are no changes to the total amount of AB 2766 Discretionary Funds, nor to the total co-funding amounts of SCAG or the Cities and Counties.

Thank you for your consideration. SCAG looks forward to ongoing collaboration with MSRC on the implementation of the eight Future Communities pilot projects. Please direct any questions about this request to Philip Law at 213-236-1841 or law@scag.ca.gov.

Sincerely,

Basil Panas

Chief Financial Officer

Request for Proposals

For

Programmatic Outreach Services

***in Support of MSRC Clean Transportation
Funding Programs***

RFP P2019-XX

May 3, 2019

SECTION 1 - INTRODUCTION

The purpose of this RFP is to retain a public relations firm, communications firm, or other public or private entity (consultant) to assist the MSRC in promoting mobile source emission reduction programs funded under the AB 2766 MSRC Discretionary Fund, referred to as MSRC **Clean Transportation Funding™** Programs, as well as providing outreach assistance to current and prospective MSRC project implementers.

The AB 2766 Discretionary Fund was enacted by the California State Legislature to reduce air pollution from motor vehicles, including automobiles, trucks, buses, etc. Over the past 24 years, the MSRC has funded the implementation of hundreds of projects. Examples of air pollution reduction strategies pursued by the MSRC include incentives for the purchase of alternative-fuel vehicles and their supporting infrastructure, replacement of old, high-polluting engines with new, cleaner engines, implementation of ridesharing and other transportation demand management programs, public education programs, and research and development projects.

Every one to three years, the MSRC, with assistance from its Technical Advisory Committee (MSRC-TAC), undertakes a Work Program development effort that establishes their funding priorities and identifies the specific categories for which projects will be solicited.

It is envisioned that the scope of Programmatic Outreach Services will include, but not necessarily be limited to, the following:

- Development and dissemination of press releases pertaining to specific MSRC-sponsored projects or programs;
- Development and dissemination of programmatic outreach, public awareness, and marketing materials to the general public and/or targeted markets;
- Provide direct outreach assistance to current and potential MSRC contractors as well as participants, users, and stakeholders of specific MSRC-sponsored programs.

The selected consultant will work closely with the MSRC-TAC, the MSRC Contracts Administrator, and the MSRC Technical Advisor. The consultant will also interface with the SCAQMD's Public Affairs office, as well as with similar departments at MSRC member agencies.

SECTION 2 - PARTICIPATION GUIDELINES

The following guidelines, requirements, and conditions have been established and apply to all proposers:

1. **Number of Awards:** One award is anticipated under this RFP.
2. **Contract Term:** The anticipated period of performance for any contract awarded under this solicitation is three (3) years commencing January 1, 2020 and ending December 31, 2022. In addition, the contract will contain an option provision for one (1) additional two-year period that can be exercised at the sole discretion of the MSRC based upon the MSRC's determination of satisfactory performance by the Consultant.
3. **Contract Value:** It is anticipated that the most competitive proposals under this solicitation would fall within the \$200,000 to \$250,000 range (base contract period of performance not including option). In the event the MSRC chooses to exercise a contract option provision, funding for the contract option will come from a subsequent MSRC Work Program funding allocation.
4. **Contract Type:** The selected bidder will enter into a Time and Materials (T&M) contract with the SCAQMD. The contract will include a base level of effort corresponding to Tasks

included in the Contract Statement of Work, plus a provision allowing the issuance of Task Orders for specific special projects identified by the MSRC.

SECTION 3 – STATEMENT OF WORK

The following paragraphs outline the broad parameters of the Programmatic Outreach Services sought by the MSRC. Not all tasks or subtasks outlined below will necessarily be authorized during the performance of any ensuing contract. The MSRC reserves the right to modify or substitute Tasks on an as-needed basis during the contracted period of performance. In addition, Special Projects may be assigned via Task Order at any time during the contract period of performance.

Task 1 – Development of Programmatic Outreach Strategy

With input from the MSRC-TAC, and with consideration of budgetary constraints, CONTRACTOR shall develop an Outreach Strategy outlining supplemental activities to be undertaken under this contract as well as activities which might be undertaken in subsequent years through the end of 2024. CONTRACTOR shall present the Outreach Strategy to the MSRC for review and approval. CONTRACTOR shall revise the Outreach Strategy as directed by the MSRC. Based on the approved Outreach Strategy, additional Tasks shall be identified and Task Orders issued by the MSRC Contracts Administrator. The Outreach Strategy shall include, at a minimum:

- A description of Special Projects and focused outreach activities recommended for implementation by the Programmatic Outreach Coordinator;
- The recommended implementation timing for each Special Project or related focused outreach activity identified above,
- The targeted audience for each identified Special Project or focused outreach;
- Marketing and outreach materials to be developed in support of Special Projects and focused outreach activities, including a rough-order-of magnitude budget estimate for materials and labor;
- Identification of other products to be developed in support of Special Project and/or focused outreach.

Task 2 - Outreach and Promotion of MSRC Work Program Achievements

Assist the MSRC in the promotion of the MSRC **Clean Transportation Funding™** Program. Contractor shall develop strategies for on-going communication between the MSRC and local government agencies, councils of governments, other public agencies, the media, community organizations, legislators, private entities, contractors, and the general public. In addition, the contractor will provide outreach support to existing MSRC contractors, by assisting them with the promotion of their MSRC-funded projects. Programmatic outreach activities under this Task include, at a minimum:

CONTRACTOR shall identify opportunities/venues for CONTRACTOR, MSRC and MSRC-TAC members, and/or MSRC staff to promote MSRC clean air achievements, including accomplishments of MSRC contractors and participating stakeholders. CONTRACTOR shall describe and provide analysis of the communication value posed by each opportunity, considering such factors as the relation to the MSRC's current and recently concluded Work Programs, the potential size and composition of the audience, and any costs to participate. CONTRACTOR shall submit each description and analysis to the MSRC Contracts Administrator as opportunities are identified.

MSRC contractor support activity may include meeting with contractors, drafting press releases, assisting with media, attending community events related to the project, and assisting with key speaking points.

Upon direction, CONTRACTOR shall perform content review of the MSRC website. CONTRACTOR shall support preparation of material for inclusion on the MSRC's website, including editorial suggestions and content for the electronic newsletter. CONTRACTOR shall regularly review content of the MSRC Facebook page and provide editorial suggestions and content.

Task 3 - Development and Dissemination of Marketing/Promotional Materials

Develop marketing/promotional materials tailored to the media, general public or other MSRC-targeted markets. Materials shall promote the environmental, health, social, and economic benefits of the MSRC's **Clean Transportation Funding™** efforts. This can include materials such as letters to the editor as well as a crisis communication plan that may be needed for rapid response to news issues/opportunities. Incorporate costs of translation into language(s) other than English, when appropriate. Programmatic outreach activities under this task shall include, at a minimum:

- Design and update promotional materials as needed;
- Development of press releases, press kits, or other materials tailored specifically to the print and/or broadcast media.

Task 4 - Participation in Events and Meetings

Participate in outreach coordination meetings with MSRC staff at least every other month. At the direction of the MSRC or MSRC staff, participate in other meetings, special events, technical conferences, etc. This includes, at a minimum:

- Attendance and participation in MSRC, MSRC-TAC, and TAC Subcommittee meetings as requested to solicit input and/or provide status reports on outreach and promotional activities and to remain current on program activities.

Task 5 – Strategic Market Direction for MSRC Work Programs

The MSRC Work Programs may be impacted by upcoming local, regional, and state budget and regulatory efforts. Taking into account existing tools available to update the MSRC on these impacts, the Outreach Coordinator shall provide necessary market research and information gathering on regulatory direction and emerging strategies. The Coordinator will identify possible new strategic directions and partnership opportunities for the MSRC to address, enabling the MSRC to respond to these changes and to perform and communicate its mission in a more effective manner. CONTRACTOR shall, at a minimum:

- Review the monthly SCAQMD legislative agenda, as well as other materials from the SCAQMD, other environmental agencies, and the State, which outline budget and regulatory efforts with possible impacts to the MSRC;
- Research and clarify impact of these efforts on the MSRC Work Program;

- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding, later*.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLÉ accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Visit www.irs.gov/identitytheft to learn more about identity theft and how to reduce your risk.

2017 Instructions for Form 590

Withholding Exemption Certificate

References in these instructions are to the California Revenue and Taxation Code (R&TC).

General Information

Registered Domestic Partners (RDP) – For purposes of California income tax, references to a spouse, husband, or wife also refer to a Registered Domestic Partner (RDP) unless otherwise specified. For more information on RDPs, get FTB Pub. 737, Tax Information for Registered Domestic Partners.

A Purpose

Use Form 590, Withholding Exemption Certificate, to certify an exemption from nonresident withholding.

Form 590 does not apply to payments of backup withholding. For more information, go to ftb.ca.gov and search for **backup withholding**.

Form 590 does not apply to payments for wages to employees. Wage withholding is administered by the California Employment Development Department (EDD). For more information, go to edd.ca.gov or call 888.745.3886.

Do not use Form 590 to certify an exemption from withholding if you are a **Seller of California real estate**. Sellers of California real estate use Form 593-C, Real Estate Withholding Certificate, to claim an exemption from the real estate withholding requirement.

The following are excluded from withholding and completing this form:

- The United States and any of its agencies or instrumentalities.
- A state, a possession of the United States, the District of Columbia, or any of its political subdivisions or instrumentalities.
- A foreign government or any of its political subdivisions, agencies, or instrumentalities.

B Income Subject to Withholding

California Revenue and Taxation Code (R&TC) Section 18662 requires withholding of income or franchise tax on payments of California source income made to nonresidents of California.

Withholding is required on the following, but is not limited to:

- Payments to nonresidents for services rendered in California.
- Distributions of California source income made to domestic nonresident partners, members, and S corporation shareholders and allocations of California source income made to foreign partners and members.
- Payments to nonresidents for rents if the payments are made in the course of the withholding agent's business.
- Payments to nonresidents for royalties from activities sourced to California.

- Distributions of California source income to nonresident beneficiaries from an estate or trust.
- Endorsement payments received for services performed in California.
- Prizes and winnings received by nonresidents for contests in California.

However, withholding is optional if the total payments of California source income are \$1,500 or less during the calendar year.

For more information on withholding get FTB Pub. 1017, Resident and Nonresident Withholding Guidelines. To get a withholding publication, see Additional Information.

C Who Certifies this Form

Form 590 is certified by the payee. California residents or entities exempt from the withholding requirement should complete Form 590 and submit it to the withholding agent before payment is made. The withholding agent is then relieved of the withholding requirements if the agent relies in good faith on a completed and signed Form 590 unless notified by the Franchise Tax Board (FTB) that the form should not be relied upon.

An incomplete certificate is invalid and the withholding agent should not accept it. If the withholding agent receives an incomplete certificate, the withholding agent is required to withhold tax on payments made to the payee until a valid certificate is received. In lieu of a completed exemption certificate, the withholding agent may accept a letter from the payee as a substitute explaining why they are not subject to withholding. The letter must contain all the information required on the certificate in similar language, including the under penalty of perjury statement and the payee's taxpayer identification number (TIN). The withholding agent must retain a copy of the certificate or substitute for at least five years after the last payment to which the certificate applies, and provide it upon request to the FTB.

If an entertainer (or the entertainer's business entity) is paid for a performance, the entertainer's information must be provided. **Do not** submit the entertainer's agent or promoter information.

The grantor of a grantor trust shall be treated as the payee for withholding purposes. Therefore, if the payee is a grantor trust and one or more of the grantors is a nonresident, withholding is required. If all of the grantors on the trust are residents, no withholding is required. Resident grantors can check the box on Form 590 labeled "Individuals — Certification of Residency."

D Definitions

For California nonwage withholding purposes, **nonresident** includes all of the following:

- Individuals who are not residents of California.
- Corporations not qualified through the California Secretary of State (CA SOS) to do business in California or having no permanent place of business in California.
- Partnerships or limited liability companies (LLCs) with no permanent place of business in California.
- Any trust without a resident grantor, beneficiary, or trustee, or estates where the decedent was not a California resident.

Foreign refers to non-U.S.

For more information about determining resident status, get FTB Pub. 1031, Guidelines for Determining Resident Status. Military servicemembers have special rules for residency. For more information, get FTB Pub. 1032, Tax Information for Military Personnel.

Permanent Place of Business:

A corporation has a permanent place of business in California if it is organized and existing under the laws of California or it has qualified through the CA SOS to transact intrastate business. A corporation that has not qualified to transact intrastate business (e.g., a corporation engaged exclusively in interstate commerce) will be considered as having a permanent place of business in California only if it maintains a permanent office in California that is permanently staffed by its employees.

E Military Spouse Residency Relief Act (MSRRA)

Generally, for tax purposes you are considered to maintain your existing residence or domicile. If a military servicemember and nonmilitary spouse have the same state of domicile, the MSRRA provides:

- A spouse shall not be deemed to have lost a residence or domicile in any state solely by reason of being absent to be with the servicemember serving in compliance with military orders.
- A spouse shall not be deemed to have acquired a residence or domicile in any other state solely by reason of being there to be with the servicemember serving in compliance with military orders.

Domicile is defined as the one place:

- Where you maintain a true, fixed, and permanent home.
- To which you intend to return whenever you are absent.

A military servicemember's nonmilitary spouse is considered a nonresident for tax purposes if the servicemember and spouse have the same domicile outside of California and the spouse is in California solely to be with the servicemember who is serving in compliance with Permanent Change of Station orders.

California may require nonmilitary spouses of military servicemembers to provide proof that they meet the criteria for California personal income tax exemption as set forth in the MSRRA.

Income of a military servicemember's nonmilitary spouse for services performed in California is not California source income subject to state tax if the spouse is in California to be with the servicemember serving in compliance with military orders, and the servicemember and spouse have the same domicile in a state other than California.

For additional information or assistance in determining whether the applicant meets the MSRRA requirements, get FTB Pub. 1032.
