AGENDA ITEM #4

Contract Modification Request by  
City of Riverside

MSRC Agenda Item No. 4

**DATE:** May 16, 2019

**FROM:** Cynthia Ravenstein, MSRC Contracts Administrator

**SUBJECT:** Nine-Month Term Extension by City of Riverside, Contract #ML16034

**SYNOPSIS:** The City requests a nine-month term extension due to delays associated with an unusually heavy rain season and multiple design change requests from property owners, as part of the FYs 2014-16 Local Government Match Program.

**FINANCIAL IMPACT:** None

**RECOMMENDATIONS:** The MSRC-TAC reviewed the request and recommends approval

**ATTACHMENTS:** Contractor's letter requesting modification

---

**DISCUSSION:**

**Contractor:** **City of Riverside**

**Project Title:** Implement "Complete Streets" Project

**MSRC Funding:** \$500,000

**Project Term:** March 11, 2016 to October 10, 2019

**Current Request:** Nine-month term extension

**Previous Requests:** One-year term extension

**Project Description:** The City was awarded \$500,000 under the MSRC's FYs 2014-16 Local Government Match Program to construct 2.9 miles of sidewalk on Bushnell Avenue, Chadbourne Avenue, Gaylord Street, and Jones Avenue. Construction is currently 50% complete and nothing has been paid to date on this contract.

**Previous Request:** The City indicated that obtaining authorizations for modifications of 99 private driveways and walkways was taking longer than anticipated. Additionally, the approval process through Caltrans took longer than expected. The City requested a one-year term extension to complete the work. This modification was processed administratively.

Contract Request: The City states that the wetter than usual rain season has delayed construction on the project. Additionally, there were a number of design change requests from property owners which further delayed progress. The City now anticipates construction to be completed by Spring 2020. The City requests a nine-month contract term extension to allow time for submission of all necessary close-out paperwork.

Recommendations: The MSRC-TAC reviewed the request and recommends approval.

Subject: Contract ML16034 Agreement Extension Request

Dear Ms. Alfaro,

On April 12, 2016, the City of Riverside was awarded \$500,000 from the AB 2766 Discretionary Fund to construct 2.9 miles of sidewalk on four residential streets—Bushnell Avenue, Chadbourne Avenue, Gaylord Street, and Jones Avenue. According to the Agreement's schedule, the fund is set to expire on October 10, 2018, which is 31 months after the execution date.

On March, 20, 2018, the City requested and was granted a 12-month extension to expend the fund, which is set to expire on October 10, 2019.

Due to the unprecedented wetter than normal rain season that resulted in unexpected delays, couple with multiple requests from the property owners to make changes to the design during construction, the project's progress has been hindered significantly.

The City's contractor is working expeditiously to make up lost time and construction is anticipated to be completed by Spring 2020. Hence, the City of Riverside is requesting a 9-month extension, which would extend the expiration of the agreement to July 10, 2020. This will ensure the City time to properly complete and close out the project.

If you have any questions, please do not hesitate to contact me. I can be reached via email at [tnguyen@riversideca.gov](mailto:tnguyen@riversideca.gov) or via telephone at (951) 826-5706.

Sincerely,

Contract Modification Request by  
City of Santa Monica

MSRC Agenda Item No. 5

**DATE:** May 16, 2019

**FROM:** Cynthia Ravenstein, MSRC Contracts Administrator

**SUBJECT:** Engine Retention in Lieu of Scrapping by City of Santa Monica, Contract #MS16115

**SYNOPSIS:** The MSRC awarded funding to the City to repower 58 transit buses with “near-zero” Cummins natural gas engines. MSRC policy requires replaced engines to be scrapped. The City requests to retain one of the removed engines in their on-site training program. The engine would be used in a classroom setting, with very limited starts.

**FINANCIAL IMPACT:** None

**RECOMMENDATIONS:** The MSRC-TAC reviewed the request and recommends approval

**ATTACHMENTS:** Contractor’s letter requesting modification

---

**DISCUSSION:**

**Contractor:** City of Santa Monica

**Project Title:** Repower 58 Buses with “Near-Zero” Engines

**MSRC Funding:** \$870,000

**Project Term:** April 14, 2017 to July 13, 2025

**Current Request:** Retain one replaced engine in lieu of scrapping

**Previous Requests:** None

**Project Description:** The City was awarded \$870,000 to replace the existing engines of (repower) 58 buses with Cummins ISL G natural gas engines certified to the California Air Resources Board Optional NOx standard of 0.02 g/bhp-hr. To date, 25 buses have been repowered and \$356,250 has been reimbursed under this contract.

**Contract Request:** In accordance with MSRC policy, Contract #MS16115 specifies that the replaced engines shall be scrapped in order to maximize the emission benefits of the project. The City would like to retain one of the replaced engines for use in their in-house training program. The engine would be used in a classroom setting, with very limited starts. In

December 2016, the MSRC previously approved a similar request for another repower project under this program.

Recommendations: The MSRC-TAC reviewed the request and recommends approval.

AGENDA ITEM #6

Contract Modification Request by  
Orange County Transportation Authority

MSRC Agenda Item No. 6

**DATE:** May 16, 2019

**FROM:** Cynthia Ravenstein, MSRC Contracts Administrator

**SUBJECT:** Reduced Scope and Value by Orange County Transportation Authority (OCTA), Contract #MS16029

**SYNOPSIS:** OCTA was awarded funding for five bicycle-related projects as part of the FYs 2014-16 Transportation Control Measure Partnership Program. Four of the five projects are covered by Contract #MS16029. For the San Juan Capistrano Bicycle Lanes Gap Closure Project, OCTA requests to reduce the number of segments supported by the MSRC from seven to five, with a corresponding reduction in funding from \$66,360 to \$61,113. Additionally, for the Lambert Road Bikeway, OCTA requests to eliminate the lighting and bicycle locker elements with a corresponding reduction in funding from \$51,023 to \$40,800.

**FINANCIAL IMPACT:** The contract value would be reduced from \$851,883 to \$836,413, with \$15,470 reverting to the AB 2766 Discretionary Fund

**RECOMMENDATIONS:** The MSRC-TAC reviewed the request and recommends approval

**ATTACHMENTS:** Contractor's letter requesting modification

---

**DISCUSSION:**

**Contractor:** **Orange County Transportation Authority**

**Project Title:** Transportation Control Measure Partnership Bicycle Projects

**MSRC Funding:** \$851,883

**Project Term:** January 12, 2018 to June 11, 2020

**Current Request:** Reduce scope by eliminating two segments of San Juan Capistrano project, with a \$5,247 reduction, and eliminating lighting and bicycle locker elements from the Lambert Road project, with a \$10,223 reduction

**Previous Requests:** None

**Project Description:** OCTA was awarded \$943,643 under the MSRC's FYs 2014-16 Transportation Control Measure Partnership Program towards the implementation of five

bicycle-related projects in partnership with local jurisdictions. Due to a delay associated with one of the projects, Contract #MS16029 was executed for \$851,883 to effectuate the award for the other four projects. The Cerritos Avenue Bike Corridor Improvements have been completed and \$82,000 has been reimbursed for this work; the San Juan Capistrano Bicycle Lanes Gap Closure Project is complete, except as discussed below, and reimbursement is pending resolution of OCTA's request.

Contract Request: The City of San Juan Capistrano Bikeway Gap Closure Project includes capital improvements to enhance bicycle connectivity throughout the City. Specific work to be performed included the installation of new Class I and II bicycle lanes, signage, and safety enhancements. The project was originally approved to cover seven locations. Subsequent to the award, the City decided that an extension of the San Juan Creek Trail would provide better connections than the "East Open Space Bikeway Gap Closure" specified by the contract. The San Juan Creek Trail extension was completed by a private developer. OCTA requests to remove the East Open Space Bikeway Gap Closure from the contract. Also within San Juan Capistrano, the Del Obispo Bikeway Gap Connection segment of the project overlaid the location of planned future widening of Del Obispo Street. If the bikeway project had been built as originally planned, the street widening project would have come behind and removed the improvements. Those improvements were in fact achieved later as part of the street widening project. OCTA requests to remove these two segments from the project, with a corresponding reduction in contract value of \$5,247.

The County of Orange Lambert Road Bikeway Project included the installation of Class II bicycle lane improvements and the installation of utility support poles, street lights, bicycle racks and bicycle lockers. Lambert Road is planned to undergo widening which might require removal of the proposed lighting. Additionally, the County has learned that there is not sufficient space to accommodate bicycle lockers at Carbon Canyon Regional Park. OCTA requests to remove the street lighting and bicycle lockers from the project, with a corresponding reduction in contract value of \$10,223.

Thus, if the MSRC approves the request, the total contract value would be reduced from \$851,883 to \$836,413, with \$15,470 reverting to the AB 2766 Discretionary Fund.

Recommendations: The MSRC-TAC reviewed the request and recommends approval.

**RE: Request to Amend Contract No. MS16029**

Dear Ms. Ravenstein:

The Orange County Transportation Authority (OCTA) appreciates the support provided by the Mobile Source Air Pollution Reduction Review Committee (MSRC) in the implementation of regional bikeway projects and requests a modification to Contract No. MS16029 due to minor changes in the scope for two of the four projects supported by the MSRC Transportation Control Measure County Transportation Commission Partnership Program. The proposed changes are summarized below, and additional information is provided in the attachments.

San Juan Capistrano Bicycle Lanes Gap Closure Project

The approved scope of the San Juan Capistrano Bicycle Lanes Gap Closure Project included seven segments. Two of the approved segments were delivered through alternative means reducing the number of segments of the project directly supported by the MSRC funding to five. Therefore, the MSRC funding is reduced by \$5,247 from \$66,360 to \$61,113. OCTA requests a technical scope change to the agreement to reflect the reduction in MSRC funding, and to include only the project segments that were directly supported by the MSRC funding. The fact sheet in Attachment A details the scope and cost changes.

County of Orange Lambert Road Bikeway

The approved scope of the Lambert Road Bikeway included the provision of a five-foot Class II bikeway in both directions, asphalt concrete improvements to accommodate the bikeways, and the installation of utility support poles, street lights, bicycle racks and bicycle lockers. Consistent with OCTA's Master Plan of Arterial Highways, Lambert Road is planned to undergo a capacity increase which would increase the width of the roadway and may require the removal of the proposed lighting. Additionally, the County of Orange was notified that there was insufficient space in the designated bicycle parking area to accommodate bicycle lockers at Carbon Canyon Regional Park and that the existing bicycle

racks would be kept in place. By removing these two components, the MSRC funding is reduced by \$10,223 from \$51,023 to \$40,800. OCTA requests a technical scope change to the agreement to reflect the reduction in MSRC funding and the removal of street lighting and bicycle lockers. The fact sheet in Attachment B details the scope and cost changes.

Again, we appreciate your support and thank you for your consideration. If you have any questions, please contact me at (714) 560-5494 or lzhaio@octa.net.

## City of San Juan Capistrano San Juan Capistrano Bikeway Gap Closure

### Scope

The City of San Juan Capistrano Bikeway Gap Closure Project includes capital improvements throughout the City to enhance connectivity such as new Class I and II bikeways, signage and safety enhancements. The project was originally approved to cover seven locations of improvements:

1. Trabuco Creek Bikeway Gap Connection
2. East Open Space Bikeway Gap Connection
3. Rancho Viejo Road Bikeway Gap Closure
4. La Novia Bikeway Gap Closure
5. Camino Capistrano Bikeway Gap Closure
6. Del Obispo Street Bikeway Gap Connection
7. Alipaz Street Bikeway Gap Closure

### Cost

	<b>Approved Funding</b>	<b>Proposed Funding</b>
<b>MSRC</b>	\$66,360	\$61,113
<b>Local Contribution</b>	\$437,000	\$260,000
<b>Total</b>	\$503,360	\$321,113

## Scope Revision

The City of San Juan Capistrano requests a technical scope change to remove the following:

### *East Open Space Bikeway Gap Closure*

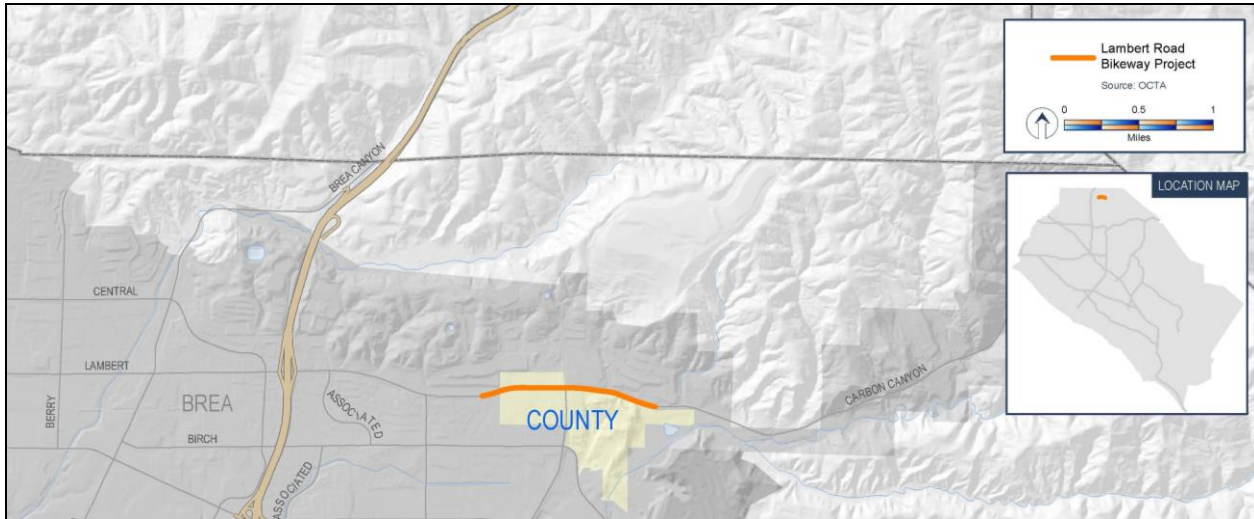

This segment of the project was initially requested to be evaluated for the possibility of an alternative alignment by the City Trails and Equestrian Commission. The result was a proposed extension of the San Juan Creek Trail which would provide even better connections to future trails, employment centers, and beach communities than the previously proposed alignment. The removal and replacement of the East Open Space Bikeway Gap Connection by the San Juan Creek Trail was approved by the California Transportation Commission as part of the construction allocation request for state Active Transportation Program (ATP) funds. The project was completed by a private developer.

### *Del Obispo Bikeway Gap Connection*

This segment of the project overlaid the project location of a future widening of Del Obispo Street at the time. The schedule would require that if the bikeway project was built as planned, the future street widening project would remove the bikeway improvements soon after. The removal of the Del Obispo Bikeway Gap Connection was approved by the California Transportation Commission as part of the construction allocation request for state ATP funds. The project was completed as part of the Del Obispo Street Widening Project in Fiscal Year 2017-18.

Overall, the delivery of these two segments of the project was not directly supported by MSRC funds. The changes detailed above resulted in significant cost savings and early delivery of these segments, while maintaining the benefits of the original project scope approved by the MSRC.

## County of Orange Lambert Road Bikeway

### Scope

Construct a five-foot class II bikeway on Lambert Road between Sunflower Street and Carbon Canyon Regional Park.

### Cost

	<b>Approved Funding</b>	<b>Proposed Funding</b>
<b>MSRC</b>	\$51,023	\$40,800
<b>Local Contribution</b>	\$394,000	\$313,000
<b>Total</b>	\$445,023	\$353,800

### Scope Revision

The County of Orange (County) requests a technical scope change to remove the following elements:

#### *Street Lighting*

Lambert Road is not at fully planned capacity as indicated in OCTA's Master Plan of Arterial Highways. Future capacity enhancements would require increasing the width of the existing roadway which would in turn require the removal of the originally proposed street lighting. In order to maximize the best use of available funding, the County may address street lighting elements at a later time when the roadway is fully built out as planned.

#### *Bicycle Lockers*

Bicycle lockers were originally planned to be installed at Carbon Canyon Regional Park. However, during coordination with the regional park, the County was informed that there was insufficient space in the designated bicycle parking area to accommodate bicycle lockers, and as a result, the existing bicycle racks would be kept in place at the regional park.
