

**MOBILE SOURCE AIR POLLUTION REDUCTION REVIEW COMMITTEE
MSRC AGENDA
Thursday, January 16, 2020 at 2:00 p.m.**

LOCATION

South Coast Air Quality Management District
21865 Copley Drive, Conf. Room CC8, Diamond Bar, CA 91765

TELECONFERENCE LOCATIONS

1. Los Angeles County MTA Headquarters, Henry Huntington Room, 3rd Floor
One Gateway Plaza, Los Angeles, CA 90012
2. City of Wildomar City Hall, Council Chambers
23873 Clinton Keith Road, Wildomar, CA 92595
(Public may attend at any of the above locations)

MSRC Committee Members

MSRC Chair

Larry McCallon
Member, Board of Directors, SBCTA
Representing San Bernardino County
Transportation Authority
Alternate: John Valdivia, Board of Directors,
SBCTA

Brian Berkson
Representing Riverside County Transportation
Commission

Jack Kitowski, CARB Staff
Representing California Air Resources Board
Alternate: Michael Carter, CARB Staff

MSRC Vice-Chair

Greg Winterbottom
Member, Board of Directors, OCTA
Representing Orange County Transportation
Authority
Alternate: Tim Shaw, Chair, Board of Directors,
OCTA

Ben Benoit
Member, SCAQMD Governing Board
Representing South Coast Air Quality
Management District

Vacant
Representing Regional Rideshare Agency
Alternate: Dolores Roybal Saltarelli, MTA Staff

Steve Veres, Member, LACCD Board of
Trustees
Representing Los Angeles County MTA
Alternate: Mark Yamarone, MTA Staff

Rex Richardson
Member, SCAG Reg. Council
Representing Southern California Association of
Governments
Alternate: Meghan Sahli-Wells, Member, SCAG
Reg. Council

Members of the public may address this body concerning any agenda item before or during consideration of that item (Gov't Code Section 548543.(a)). Please provide a Request to Address the Committee card to the Administrative Liaison if you wish to address the Committee on an agenda item. If no cards are available, please notify SCAQMD staff or a Committee Member of your desire to speak. All agendas for regular meetings are posted at District Headquarters, 21865 Copley Drive, Diamond Bar, California, at least 72 hours in advance of the regular meeting. Speakers may be limited to three (3) minutes each.

CALL TO ORDER

Opening Comments: Larry McCallon, MSRC Chair
Other MSRC Members
Naveen Berry, Asst. DEO/Science & Technology Advancement

STATUS REPORT

Clean Transportation Policy Update

Ravenstein

The Clean Transportation Policy Update provides information on key legislative and regulatory initiatives of potential interest to the MSRC. The report can be viewed at www.cleantransportationfunding.org.

CONSENT CALENDAR (Items 1 through 9)

Receive and Approve

1. Summary of Final Reports by MSRC Contractors

Gorski,
p. 1

- Rialto Unified School District, MS14076
(\$225,000– Construct New Public Access CNG Station)
- Orange County Transportation Authority, MS16029
(\$836,413– TCM Partnership Program - OC Bikeways)
- Orange County Transportation Authority, MS18005
(\$834,222– Clean Fuel Bus Service to OC Fair)

Information Only - Receive and File

2. MSRC Contracts Administrator's Report

Ravenstein,
p. 11

This report covers key issues addressed by MSRC staff, status of open contracts, and administrative scope changes from October 31 through December 26, 2019.

3. Financial Report on AB 2766 Discretionary Fund

Kampa,
p. 41

Financial Report for December 2019.

For Approval – As Recommended

4. Consider Two-Month Term Extension by County of Los Angeles, Contract #ML14030 (\$425,000 – Bicycle Racks, Outreach and Education) Ravenstein, p. 42

The County requests a two-month contract term extension to procure and install supplemental lighting at 47 of the bicycle rack sites. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

5. Consider Modified Statement of Work by City of Bellflower, Contract #ML12091 (\$100,000 – Install EV Charging Infrastructure) Ravenstein, p. 45

The City requests to increase the number of stations to be installed from five to eleven and install all stations at the new City parking lot, with no change to the project cost. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

6. Consider Modified Statement of Work and Nine-Month Term Extension by City of Covina, Contract #ML18156 (\$63,800 – Purchase Four Light-Duty Zero Emission Vehicles and Install EV Charging Infrastructure) Ravenstein, p. 48

The City requests to substitute one dual-port charging station for the two charging stations specified in the contract. Additionally, the City requests a nine-month contract term extension due to unforeseen delays in the delivery of the vehicles. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

7. Consider Eighteen-Month Term Extension by County of Los Angeles, Contract #ML14027 (\$500,000 – Install New CNG Stations in Canyon Country and La Puente) Ravenstein, p. 51

The County requests an eighteen-month contract term extension due to equipment order and construction delays by the vendor. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

8. Consider Three-Year Term Extension by Los Angeles County Metropolitan Transportation Authority (Metro), Contract #MS14057 (\$1,250,000 – Implement Various Signal Synchronization Projects) Ravenstein, p. 54

Metro requests a three-year term extension. Contracting issues with the consultant for the San Gabriel Valley Corridor Project delayed the start date for design. Additionally, subsequent to the original award, it became necessary for the individual cities in the project areas to contribute a share of the project costs. This in turn required increased coordination which has delayed the design processes. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

9. Consider Decreased Scope of Work and Value by County of Los Angeles, Contract #ML14096 (\$150,000 – San Gabriel Bike Trail Underpass Improvements)

Ravenstein,
p. 57

The County has determined that the tunnel lighting component of the project requires them to secure an Army Corps of Engineers permit for the installation of the solar panel poles on top of the San Gabriel River Levee. Due to the time necessary to obtain such a permit, and other alternatives investigated taking just as long or longer, the County requests to remove the tunnel lighting from the project and reduce the contract value by up to \$75,814. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

ACTION CALENDAR (Items 10 through 13)

FYs 2014-16 WORK PROGRAM

10. Consider Modified Statement of Work by City of Eastvale, Contract #ML16040 (\$110,000 – Install EV Charging Infrastructure)

Ravenstein,
p. 62

The City requests to substitute the installation of twelve Level III (fast charge) stations for the installation of twenty Level II charging stations, with no change to the MSRC's contribution to the project. The City has not yet made a final decision as to what type of Level III station they would install. Not all Level III stations may be compatible with all electrical vehicle models. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS: 1) APPROVAL OF THE SUBSTITUTION OF LEVEL III CHARGERS FOR LEVEL II CHARGERS AND; 2) THAT MSRC FUNDS ONLY BE USED FOR NON-PROPRIETARY EVSE PROJECT COMPONENTS**

FYs 2018-21 WORK PROGRAM

11. Consider \$15,079 Contract Value Increase by Better World Group Advisors (BWG), Contract #MS21002 (\$250,000 – Programmatic Outreach Services to the MSRC)

Ravenstein,
p. 66

At their June 20, 2019 meeting, the MSRC approved a proposal from BWG to perform additional research and outreach in support of development of the FYs 2018-21 Work Program. The MSRC authorized the work at a cost not to exceed \$25,165, to be met through a combination of reallocation from other tasks under BWG's Contract #MS16030 and the allocation of an additional \$15,000. Following modification of the contract, Task Order #4 was issued in the amount of \$25,165 to authorize the work. In coordination with MSRC staff, BWG has proceeded to participate in meetings and workshops, reach out to potential project partners, and investigate collaborative opportunities. Given staff direction and the potential project partners' schedules, BWG's work has not proceeded as rapidly as originally anticipated. Contract #MS16030 expired on December 31, 2019. BWG requests that Contract #MS21002 be increased by \$15,079, the unexpended balance of Task Order #4, so that they can complete this work. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

12. Update on Development of UCLA Luskin Center for Innovation (Luskin Center) Report on Planning for Electric Vehicle Charging Infrastructure Investments **Luskin Center**

The MSRC awarded \$254,795 to the Luskin Center to perform planning analysis work. The purpose was to provide the MSRC with high-potential locations for the installation of electric vehicle support equipment in two of the most challenging location types: workplace and multi-unit dwellings. The Luskin Center's report is nearing completion; this item will provide an update on the findings to date. *No written material.*

13. Update on MSRC's Regional Goods Movement Program **Gorski**

This item will provide a brief update on happenings related to the MSRC's Regional Goods Movement Program. The report may include updates on meetings with prospective stakeholders and targeted timeframes for bringing items to the MSRC for consideration. *No written material.*

OTHER BUSINESS

14. **Any member of the committee, on his or her own initiative or in response to questions posed by the public, may ask a question for clarification, may make a brief announcement or report on his or her own activities, provide a reference to staff regarding factual information, request staff to report back at a subsequent meeting concerning any matter, or may take action to direct staff to place a matter of business on a future agenda. (Govt Code Section 54954.2)* **McCallon,
p. 67**

PUBLIC COMMENT PERIOD - (Public Comment on Non-Agenda Items, Pursuant to Government Code Section 54954.3)

At the end of the regular meeting agenda, an opportunity is provided for the public to speak on any subject within the Committee's authority that is not on the agenda. Speakers may be limited to three (3) minutes each.

ADJOURNMENT

NEXT MEETING: Date: February 20, 2020, 2:00 p.m., Room CC8

Americans with Disabilities Act

The agenda and documents in the agenda packet will be made available, upon request, in appropriate alternative formats to assist persons with a disability (Gov't Code Section 54954.2(a)). Disability-related accommodations will also be made available to allow participation in the MSRC meeting. Any accommodations must be requested as soon as practicable. Requests will be accommodated to the extent feasible. Please contact Penny Shaw Cedillo at (909) 396-3179 from 7:00 a.m. to 5:30 p.m., Tuesday through Friday, or send the request to pcedillo@aqmd.gov.

Pursuant to SB 343

All documents (i) constituting non-exempt public records, (ii) relating to an item on an agenda for a regular meeting, and (iii) having been distributed to at least a majority of the Committee after the Agenda is posted, are available prior to the meeting for public review at the South Coast Air Quality Management District, Public Information Center, 21865 Copley Drive, Diamond Bar, CA 91765.

Contacts: Cynthia Ravenstein, MSRC Contracts Administrator - (909) 396-3269
Ray Gorski, MSRC Technical Advisor – (909) 396-2479
Penny Shaw Cedillo, MSRC Administrative Liaison – (909) 396-3179

AGENDA ITEM #1

Summary of Final Reports by MSRC Contractors

MSRC Agenda Item No. 1

Date: January 16, 2020
From: Ray Gorski, MSRC Technical Advisor
Subject: Final Reports Received and Reviewed

Three (3) Final Reports have been submitted for MSRC review and approval:

- Rialto Unified School District, MS14076 (\$225,000– Construct New Public Access CNG Station)
- Orange County Transportation Authority, MS16029 (\$836,413 – TCM Partnership Program - OC Bikeways)
- Orange County Transportation Authority, MS18005 (\$834,222– Clean Fuel Bus Service to OC Fair)

A summary of each Final Report is attached. The MSRC-TAC has reviewed both Final Reports and recommends approval.

Contractor: Rialto Unified School District
Contract Number: MS14076
Contract Amount: \$225,000
Title: Construction of Public Access Compressed Natural Gas Refueling Station

Discussion

Rialto Unified School District (RUSD) partnered with MSRC and California Energy Commission (CEC) to build a publicly accessible CNG stations in Rialto, CA. Rialto Unified School District (RUSD) owns a fleet of school buses to transport students to and from school. The number of alternative fuel buses increased at a rapid rate while CNG fueling stations remained stagnant. With the \$225,000 in Clean Transportation Funding™ support from the MSRC, along with \$500,000 in CEC grant support and with a RUSD contribution, Rialto Unified School District was able to install the following CNG station equipment:

- Two (2) fast-fill vehicle fueling positions (pumps) and roof structure;
- CNG equipment enclosure to house three (3) CNG storage tanks;
- Three (3) CNG compressors and one (1) backup generator;
- Storm water facilities;
- Utility upgrades to support operations; and
- Hardscape/landscape improvements.

During the first few months of the CNG project, there were several delays that were unavoidable and unforeseen at the time of the planning process. The activities performed from the award bid to the final commissioning took approximately two years and one month. After the commissioning, it was determined that the County of San Bernardino Department of Agriculture, Weights and Measurements is required to complete a weight and measures tests prior to selling to any type of fuel to the public which took place on May 7, 2018.

Unforeseen activities which resulted in delays to the project included the following:

- March 2016, the building design did not include a “Data Room” which is a separate structure to protect the equipment servers, electrical panels, and phone lines. This was discovered as a result of the requirement for the fuel management software and network requirements. The revision was approved by the city on June 21, 2016.
- A design change took place from October 2016 to April 2017 to include infrastructure resulting from an Electrical School Bus Grant from the Federal Department of Energy. Rialto Unified School District is to receive eight (8) electric school buses from Bluebird in 2020. Due to the increase of the eight additional Electric buses, the electricity supply was increased from one 4,000 amp, grid to a capacity, to two 4,000 amp grid. Construction timeline was extended for two additional months as a result of the delay from Southern California Edison (SCE), and the need to upgrade our electrical system to accommodate electrically powered school buses. It was determined that it would be cost effective to do the upgrading now at this phase in order to avoid the cost of having to re-open and dig underground after the high pressure gas lines were installed. By April 2017 all changes were approved by Southern California Edison and upgrades were installed.

- April 2017, the original Electrical vaults were not acceptable to the Edison field inspector. The electrical vaults had to be removed and RUSD had to order new vaults. This delayed the project three (3) weeks, new vaults arrived on Friday, May 12, 2017. The vaults were installed and approved by the Edison inspector.

Photos: – CNG Dryer System (top) & Completed CNG Station (bottom)

Contractor: Orange County Transportation Authority
Contract Number: MS16029
Contract Amount: \$836,413
Title: TCM Partnership Program – OC Bikeways

Discussion

OCTA was awarded \$836,413 in MSRC Clean Transportation Funding™ for the following projects:

- Freeway Trail Lighting Improvements Project
- San Juan Capistrano Bicycles Lanes Gap Closure Project
- Lambert Road Bike Lanes Project
- Cerritos Avenue Bike Corridor Improvements Project

Freeway Trail Lighting Improvements Project - The project is on the existing trail commonly known as the Culverdale Trail which is located north of the Interstate 405 freeway and runs parallel to the I-405 and Main Street from San Diego Creek to Culver Drive. The segment is approximately 6,000 feet in length and the project scope includes the installation of new pole mounted trail lights along the Class I bike path, to provide safety for bicycle commuters and pedestrians. Via the connection to Main Street by means of the Class I bicycle lanes on Harvard Avenue, the Freeway Trail project provides access to community parks, residential communities, retail centers and business parks.

Prior to the implementation of this project there was no bicycle or pedestrian scale lighting within the project location. Although there were existing streetlights along parallel Main Street, the cyclists would have to share the road with vehicles travelling at speeds of up to 50 miles per hour if they chose that route. The project increases visibility and enhances safety.

Trail Lighting Improvements

San Juan Capistrano Bicycles Lanes Gap Closure Project - The City of San Juan Capistrano Bikeway Gap Closure Project includes capital improvements throughout the City to enhance connectivity and safety. The improvements increased bicycle and walking, reduced automobile use, and improved air quality. The San Juan Capistrano Bikeway Gap Closure Project includes a total of 2.1 miles of new bikeways and improvements in five locations.

Camino Capistrano Improvements

Lambert Road Bike Lanes Project - The Lambert Road Bikeway Project is located along Lambert Road/Carbon Canyon Road between Sunflower Street and the entrance to Carbon Canyon Regional Park at Santa Fe Road. The project included the construction of a new five-foot wide Class II bikeway in both directions.

Lambert Road Bike Lanes Project – Before

Lambert Road Bike Lanes Project – After

Cerritos Avenue Bike Corridor Improvements Project - The project is located in the City of Cypress and upgraded the previously existing Class III bike facility to a one-mile Class I bike facility on the south side of Cerritos Avenue as well as a Class II facility on both sides of Cerritos Avenue from Denni Street to Walker Street. The previous Class III facility along the project limits only designated the preferred route for cyclists on the street, which is not appropriate for roadways with high motor traffic speeds and volumes. The project provided a dedicated bikeway to promote continuity to the bikeway network and provide exclusive right-of-way for cyclists separate from the roadway that minimize cross flows by motor traffic. The project also maintained the existing pedestrian path which was separated using a landscaped buffer and reduces pedestrian-cyclist conflicts.

Bike route without a painted bike lane on both sides of Cerritos Avenue.

Painted bike lanes on both sides with a 3' wide buffer and a 6' wide off street bike path.

Contractor: Orange County Transportation Authority
Contract Number: MS18005
Contract Amount: \$834,222
Title: Orange County Fair Event Center Transportation Program

Discussion

OCTA was awarded \$834,222 in MSRC Clean Transportation Fundin™ to operate the OC Fair Express special event service to the OC Fair in 2017 and 2018. The OC Fair is a 128-year old tradition and is considered one of the largest fairs in the nation with over 1.3 million visitors. The popularity of the OC Fair results in high weekend traffic congestion that exceeds the current road capacity and results in harmful emissions from idling vehicles.

Target audiences included current bus riders, Metrolink rail riders and the general Orange County population. Marketing efforts were specifically targeted around each of nine the departure locations, and targeted both English and Spanish-speaking populations.

The objectives were to position public transportation as a cost effective, viable alternative to travelling to the fair; to create awareness and trial use by new riders and repeat use by current riders; and to encourage connectivity from Los Angeles and Riverside counties via Metrolink commuter rail service.

To maximize ridership potential, OCTA undertook a joint messaging campaign with the OC Fair positioning OC Fair Express the “Official Transportation Provider for the OC Fair”. A key component for success was a special discount for OC Fair Express riders –

\$4 admission, which was an \$10 savings. This discount provided not only an incentive for ridership, but the savings could be used towards the grant required matched funds, thereby reducing the out-of-pocket needed.

A comprehensive marketing campaign was executed integrating a variety of tactics and communications platforms:

Print Media:

- Targeted Direct Mail was distributed to households near 9 locations.
- Brochures with schedules and location maps distributed on buses and throughout the county.
- Print ads appeared in AAA Magazine, OC Register, Excelsior, Laguna Woods Globe, Saddleback Valley News, Coastal Current South.
- Ads appeared in customer bus books.

Outdoor Media:

- Bus exterior ads (full wrap bus, ultra super kings, kings and tails)
- Bus interior ads
- Bus and Metrolink transit center signage

- Mall banner ads (Westminster Mall, The Shops at Mission Viejo, Outlets at Orange)
- Movie Theater Ads (3 locations)
- Bus stop information
- Pole banners at all locations
- Metrolink station banners
- ARTIC signage

Digital Media:

- OC Bus website (dedicated page)
- OC Bus website banner ads
- Email (OCTA current customer base, previous OC Fair Express riders)
- Social: Facebook (organic posts and targeted paid ads), Instagram and Twitter
- Partner Blogs

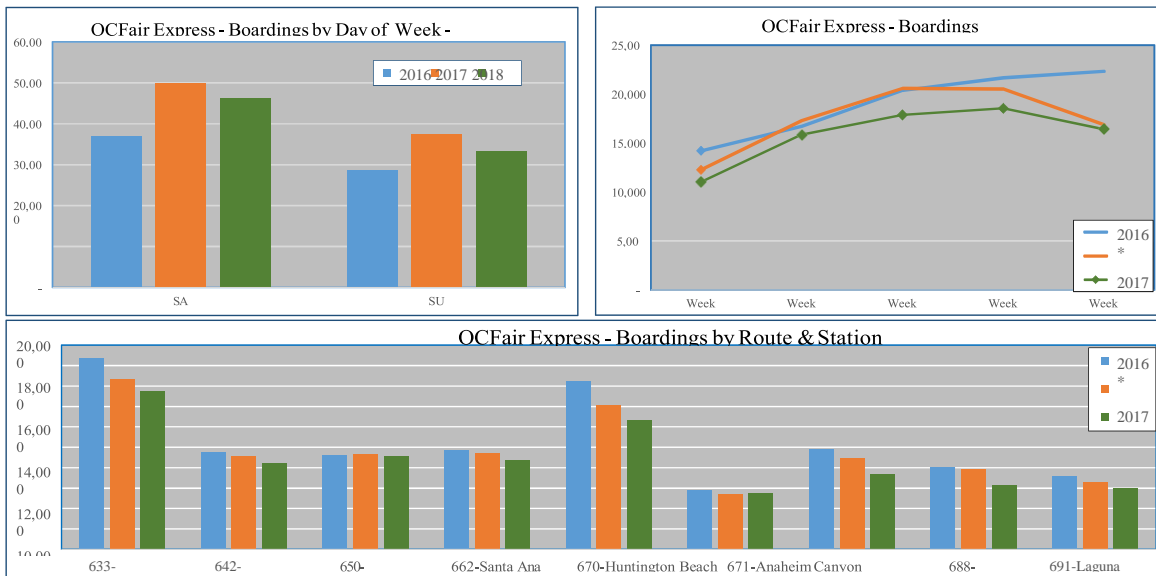

Kickoff Event:

- Laguna Niguel/Mission Viejo Metrolink Station, including executive management
- Bags for customers (OC Fair tote, ride tickets, sunscreen, water bottle, visor)
- Direct Mail to residents around location
- Email (OCTA current customer base)
- Social: Facebook (organic posts and targeted paid ads),

OC Fair Partnership:

- \$4 Admission coupon
- Newspaper ads
- Bus Shelter Ads
- Digital ads
- OC Fair Website (banner ads, transit page)

This special bus service has been an overwhelming success since it's relaunch in 2011, obtaining a 320 percent increase over the 2008 service. Ridership has increased each year from 2012 through 2017 (80% in 2012; 26.6% in 2013; 31% in 2014; 2.5 % in 2015; 20% in 2016; 33% in 2017). In 2018, the OC Fair Express special event service recorded 79,684 boarding's during the 10-day service, recording a 9% decrease from last year. Comparing weather indexes, it appears heat may have impacted ridership.

Survey results:

- 40 percent were new OC Bus riders
- 40 percent are repeat OC Fair Express riders; increase of 7% from last year
- 97 percent of riders were satisfied or very satisfied with the service
- 20 percent used OC Bus Mobile for payment
- Awareness of OC Fair Express service came from:
 - 30 percent – word of mouth
 - 20 percent – OC Fair website
 - 4.5 percent – newspaper ads
 - 4.3 percent – digital ads
 - 5 percent – social media
 - 4 percent – on board bus flyer
 - 5.0 percent – bus exterior/interior ads

Digital Media results:

- Achieved 70,813 website sessions, with 67% (47,525) new users/sessions.
- Organic search (Google/Yahoo/Bing) accounted for 48% of sessions, direct search (ocfairexpress.com) and Facebook referred ads accounted for 17% each.
- Email campaign achieved a 23.57 percent open rate with a 2.11% CTR

- Facebook paid ads delivered 1,391,905 impressions, achieving a 1.13 percent CTR, industry average is .90 percent.

AGENDA ITEM #2

MSRC Contracts Administrator's Report

MSRC-TAC Agenda Item No. 2

DATE: January 16, 2020

FROM: Cynthia Ravenstein

SUBJECT: AB 2766 Contracts Administrator's Report

SYNOPSIS: This report covers key issues addressed by MSRC staff, status of open contracts, and administrative scope changes from October 31 to December 26, 2019.

RECOMMENDATION: Receive and file report

WORK PROGRAM IMPACT: None

Contract Execution Status

2016-18 Work Program

On July 8, 2016, the SCAQMD Governing Board approved an award under the Event Center Transportation Program. This contract is executed.

On October 7, 2016, the SCAQMD Governing Board approved three awards under the Event Center Transportation Program and one award for a Regional Active Transportation Partnership Program. These contracts are executed.

On January 6, 2017, the SCAQMD Governing Board approved an award for development, hosting and maintenance of a new MSRC website. This contract is executed.

On April 7, 2017, the SCAQMD Governing Board approved an award under the Event Center Transportation Program. This contract is executed.

On June 2, 2017, the SCAQMD Governing Board approved an award under the Event Center Transportation Program. This contract is executed.

On July 7, 2017, the SCAQMD Governing Board approved an award under the Event Center Transportation Program. This contract is executed.

On September 1, 2017, the SCAQMD Governing Board approved one award under the Event Center Transportation Program and one award under the Natural Gas Infrastructure Program. These contracts are executed.

On October 6, 2017, the SCAQMD Governing Board approved two awards under the Event Center Transportation Program and one award under the Natural Gas Infrastructure Program. These contracts are executed.

On December 1, 2017, the SCAQMD Governing Board approved sole source awards for a Hydrogen Infrastructure Partnership Program, for a Southern California Future Communities Partnership Program, and for electric vehicle charging infrastructure planning analysis. These contracts are executed. The MSRC has replaced the award to the California Energy Commission with a Program Opportunity Notice for the Hydrogen Infrastructure Partnership Program.

On February 2, 2018, the SCAQMD Governing Board approved one award under the Event Center Transportation Program, two awards under the Natural Gas Infrastructure Program, four awards under the Local Government Partnership Program, and two awards under the County Transportation Commission Partnership Program. These contracts are executed.

On March 2, 2018, the SCAQMD Governing Board approved one award under the Major Event Center Transportation Program, two awards under the Natural Gas Infrastructure Program, and one award under the Local Government Partnership Program. These contracts are executed.

On April 6, 2018, the SCAQMD Governing Board approved one award under the Natural Gas Infrastructure Program and eight awards under the Local Government Partnership Program. These contracts are executed.

On May 4, 2018, the SCAQMD Governing Board approved twenty-seven awards under the Local Government Partnership Program and one award under the County Transportation Commission Partnership Program. These contracts are executed.

On June 1, 2018, the SCAQMD Governing Board approved six awards under the Local Government Partnership Program, one award under the Natural Gas Infrastructure Program, and one award under the County Transportation Commission Partnership Program. These contracts are with the SCAQMD Board Chair for signature or executed.

On July 6, 2018, the SCAQMD Governing Board approved nine awards under the Local Government Partnership Program. These contracts are executed.

On September 7, 2018, the SCAQMD Governing Board approved nineteen awards under the Local Government Partnership Program, three awards under the County Transportation Commission Partnership Program, one award under the Major Event Center Transportation Program, and twenty awards under the Natural Gas Infrastructure Program. These contracts are with the prospective contractor for signature, with the SCAQMD Board Chair for signature, or executed.

On October 5, 2018, the SCAQMD Governing Board approved forty-eight awards under the Local Government Partnership Program and one award under the Hydrogen Infrastructure Program. These contracts are with the prospective contractor for signature, with the SCAQMD Board Chair for signature, or executed.

On November 2, 2018, the SCAQMD Governing Board approved two awards under the Local Government Partnership Program. These contracts are executed.

2018-21 Work Program

On April 5, 2019, the SCAQMD Governing Board approved an award under the Major Event Center Transportation Program. This contract is executed.

On September 5, 2019, the SCAQMD Governing Board approved an award under the Major Event Center Transportation Program. This contract is under internal review.

On December 6, 2019, the SCAQMD Governing Board approved an award under the Major Event Center Transportation Program. This contract is under development.

Work Program Status

Contract Status Reports for work program years with open and/or pending contracts are attached.

FY 2010-11 Work Program Contracts

One contract from this work program year is open; and 16 are in “Open/Complete” status. 3 contracts closed during this period: City of Anaheim, Contract #ML11037 – Purchase 12 Natural Gas Heavy-Duty Vehicles; City of Redlands, Contract #MS11067 – Expansion of Existing CNG Station; and CR&R, Inc., Contract #MS11016 – Install New CNG Station in Perris. One contract passed into “Open/Complete” status during this period: City of Newport Beach, Contract #ML11045 – Purchase One Heavy-Duty Natural Gas Vehicle.

FY 2010-11 Invoices Paid

No invoices were paid during this period.

FY 2011-12 Work Program Contracts

7 contracts from this work program year are open, and 18 are in “Open/Complete” status. One contract closed during this period: USA Waste of California, Contract #MS12004 – Construct New Limited Access CNG Station. One contract passed into “Open/Complete” status during this period: City of Santa Monica, Contract #MS12060 – Implement Westside Bikeshare Program.

FY 2011-12 Invoices Paid

No invoices were paid during this period.

FYs 2012-14 Work Program Contracts

21 contracts from this work program year are open, and 29 are in “Open/Complete” status. One contract closed during this period: City of Torrance, Contract #ML14014 – Install EV Charging Infrastructure.

FYs 2012-14 Invoices Paid

No invoices were paid during this period.

FYs 2014-16 Work Program Contracts

47 contracts from this work program year are open, and 30 are in “Open/Complete” status. One contract closed during this period: City of Yucaipa, Contract #ML16054 – Implement a

“Complete Streets” Pedestrian Access Project. One contract passed into “Open/Complete” status during this period: City of Monterey Park, Contract #ML16013 – Purchase 3 Heavy-Duty Natural Gas Vehicles.

FYs 2014-16 Invoices Paid

3 invoices totaling \$587,681.75 were paid during this period.

FYs 2016-18 Work Program Contracts

130 contracts from this work program year are open, and 9 are in “Open/Complete” status. 3 contracts passed into “Open/Complete” status during this period: City of Culver City, Contract #ML18045 – Purchase 8 Heavy-Duty Near-Zero Emission Vehicles; City of Culver City, Contract #ML18076 – Purchase One Light-Duty ZEV; and City of Orange, Contract #ML18077 – Purchase 4 Light-Duty ZEVs and Install EV Charging Infrastructure.

13 invoices totaling \$477,393.71 were paid during this period.

Administrative Scope Changes

7 administrative scope changes were initiated during the period of October 31 to December 26, 2019:

- City of Desert Hot Springs, Contract #ML18022 (Synchronize Traffic Signals on Palm Drive) – One-year term extension
- County of Los Angeles, Contract #ML14096 (Enhance San Gabriel Bike Trail) – Three-month term extension
- City of Calabasas, Contract #ML18034 (Install EV Charging Stations) – One-year term extension
- Regents of the University of California, Contract #MS18014 (Planning for EV Charging Infrastructure Investments) – Three-month term extension
- County of Los Angeles, Contract #ML14030 (Install Bicycle Racks & Implement Bicycle Education) – Three-month term extension
- City of Redondo Beach, Contract #ML18098 (Install EV Charging Stations) – One-year term extension
- City of El Monte, Contract #ML16083 (Install EV Charging Stations) – Change vehicles serviced from five to six, and make all stations dual-outlet

FY 2016-18 Totals	\$ 39,590,456	\$ 34,110,979	\$ 3,479,477	\$ 2,000,000

FY 2018-21 Work Program	Total	Executed Contracts	Awarded	Balance
Major Event Center Transportation Program	\$ 6,587,642	\$ 1,148,742	\$ 2,671,940	2,766,960
MSRC Website Hosting & Maintenance	6,000	6,000	-	-
Natural Gas Infrastructure Program	1,083,180	1,012,772	70,408	-
Programmatic Outreach Coordinator (MS16030 modification)	15,000	-	15,000	-
Programmatic Outreach Coordinator	250,000	250,000	-	-
Technical Advisor - Work Program Portion	272,475	-	272,475	-
Market Acceleration Program	4,000,000	-	-	4,000,000
FY 2018-21 Totals	\$ 12,214,297	\$ 2,417,514	\$ 3,029,823	\$ 6,766,960

- (d) Estimated Revenue is the FY2019-20 and FY 2020-21 full year estimates less revenue received. Any change to Health & Safety Code 44243 could affect future revenue.
- (e) Estimated Available for the FY 2018-2021 Work Program does not include the targeted funding level of \$20M for the Inland Ports Zero/Near-Zero Warehouse and Distribution Facilities PON.

AGENDA ITEM #4

Contract Modification Request by
County of Los Angeles ISD

MSRC Agenda Item No. 4

DATE: January 16, 2020

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: Two-Month Term Extension by County of Los Angeles, Department of Public Works, Contract #ML14030

SYNOPSIS: The County requests a two-month term extension due to delays associated the need to procure and install supplemental lighting at 47 of the bicycle rack sites, as part of the FYs 2012-14 Local Government Match Program.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC reviewed the request and recommends approval

ATTACHMENTS: Contractor's letter requesting modification

DISCUSSION:

Contractor: County of Los Angeles, Department of Public Works

Project Title: Bicycle Racks, Outreach & Education

MSRC Funding: \$425,000

Project Term: January 9, 2015 to April 8, 2020

Current Request: 2-month term extension

Previous Requests: 8-month term extension; 4-month term extension; 15-month term extension

Project Description: The County was awarded \$425,000 under the MSRC's FYs 2014-16 Local Government Match Program to install at least 575 bicycle racks and signage. The County was also to install supplemental lighting as needed at some locations, as well as developing and implementing a bicycle outreach and education program. More than 500 racks have been installed and \$25,000 has been paid to date on this contract.

Previous Requests: The County indicated that they encountered unanticipated delays in the procurement process to secure the educational services and related promotional items. The issues were resolved and the County requested a 15-month contract term extension. At their December 17, 2015 meeting, the MSRC considered and approved the County's request.

Subsequently, the County indicated that the first bicycle racks they ordered were found to be composed of a grade of stainless steel which was not sufficient to withstand the environment. The specifications were revised for a higher and more appropriate grade, and the order was rebid, but installation was delayed. The County requested a 4-month contract term extension. At their February 21, 2019 meeting, the MSRC considered and approved the County's request.

On August 29, 2019, the County requested an extension until June 30, 2020 due to the need to pour concrete pads at the beach sites. The cost of this work exceeded limits for what could be performed by in-house staff, and it needed to be contracted out. Because the request was received too late to be placed on the September MSRC-TAC and MSRC agendas, and the contract would terminate on October 8, 2019, a three-month term extension was processed administratively in order to allow time for the MSRC to consider the remainder of the request. However, due to an oversight the item was not placed on the October or November MSRC agendas. An additional three-month term extension was processed administratively to allow time for the MSRC to consider the remainder of the request.

Contract Request: On December 16, 2019, the County submitted a letter indicating that they have now identified that 47 of the bike rack sites require the installation of supplemental lighting. The County requests an extension through June 8, 2020. This request supersedes the previous request, which had still been awaiting MSRC consideration. Given the previous administrative extensions, an additional two-month extension would fulfill the County's request.

Recommendation: The MSRC-TAC reviewed the request and recommends approval.

December 16, 2019

Ms. Cynthia Ravenstein
MSRC Contracts Administrator
21865 Copley Drive
Diamond Bar, CA 91765

Dear Ms. Ravenstein:

Subject: **EXTENSION FOR AWARD ML 14030**

The County of Los Angeles is requesting an extension through June 08, 2020 for Grant Award Number ML 14030. The County has installed more than 500 bicycle racks. The Department of Beaches and Harbors is installing 75 bike racks at their sites. The most recent delay is due to weather and the need pour concrete pads at the Beach sites. The County has identified 47 different bike rack sites that require supplemental lighting. The time extension would be to solicit and procure for the supplemental lighting. The County is currently preparing the billing for this contract.

The County is grateful to the MSRC for the match funding for these racks and looks forward to submitting its billing.

If you have any questions, I can be reached at (323) 490-9012.

Very truly yours,

Ana Rosales
Energy & Environmental Services
Planning & Administration Manager

AGENDA ITEM #5

Contract Modification Request by
City of Bellflower

MSRC Agenda Item No. 5

DATE: January 16, 2020

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: Modified Statement of Work by City of Bellflower, Contract #ML12091

SYNOPSIS: The City requests to increase the number of stations to be installed from five to eleven, and install all stations at the new City parking lot, with no change to the project cost, as part of the FY 2011-12 Local Government Match Program.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC reviewed the request and recommends approval

ATTACHMENTS: Contractor's letter requesting modification

DISCUSSION:

Contractor: **City of Bellflower**

Project Title: Install EV Charging Stations

MSRC Funding: \$100,000

Project Term: October 5, 2018 to June 30, 2020

Current Request: Increase stations from five to eleven, and change location of some stations

Previous Requests: Substitute five Level II charging stations for two Level III charging stations and extend term to June 30, 2020. ML12091 is a replacement contract for ML12051. Under ML12051: scope and value reduction and one-year term extension; substitution of two fast chargers for eight Level II chargers, reduced contract value, and six-month extension

Project Description: The City was originally awarded \$270,000 under the MSRC's FY 2011-12 Local Government Match Program to install fifteen Level II electric vehicle charging stations; this was subsequently modified over the course of various actions to \$100,000 for the installation of five Level II stations. No work has been completed and nothing has been paid to date on this contract.

Previous Requests: The City indicated that transfer of the project between departments delayed progress, and they requested a one-year contract term extension. Additionally, the City requested to reduce the number of charging stations to be installed from 15 to 8, with a corresponding reduction in contract value from \$270,000 to \$170,000. The City also proposed to install the stations in a greater number of locations to heighten public awareness. The MSRC approved the entirety of the City's request. Later, the City indicated that they now believed fast chargers would be more popular, and experience a greater turnover, than the Level II charging stations specified by the contract. The City requested approval to substitute the installation of two fast chargers for the eight Level II chargers, coupled with a corresponding contract value reduction from \$170,000 to \$100,000, as well as a one-year term extension in order to complete the work. The MSRC approved the request, but the contract lapsed without the City returning the modification documents. The MSRC authorized a replacement contract.

Subsequently, the City indicated that the power supply at their new parking structure would not accommodate the specified Level III charging stations. The City requested to substitute the installation of five Level II charging stations for the two Level III stations, with no change to the contract value. Two of these stations would be installed at the parking structure, and three would be installed at a separate City parking lot. The City further requested that the contract term be extended to June 30, 2020. The MSRC considered and approved the City's request.

Contract Request: The City has determined that construction costs would be drastically reduced if all charging stations were to be installed at the new parking structure. This would avoid the need to cut into an existing parking lot. They request instead to increase the total number of Level II stations to be installed from five to eleven, with no change to the total project cost or to the MSRC's contribution.

Recommendation: The MSRC-TAC reviewed the request and recommends approval.

Diamond Bar, CA 91765

Re: Contract #ML12091 EV Charging Infrastructure

Dear Ms. Ravenstein:

Please accept this letter as the City of Bellflower's (City's) request to increase the total number of ChargePoint Level II EV charging stations from five (5) to eleven (11). The reason for this request is due to the fact that the City's new parking structure that is currently under construction has been equipped with electrical stub-outs for eleven (11) EV charging stations.

We are also requesting a modification to the scope to install all eleven (11) Level II EV charging stations at the new City parking lot and deleting the two (2) Level II EV charging stations planned for the City parking lot at assessor's parcel number 7109-010-903. The requested modifications would drastically reduce construction costs as we would no longer need to cut into an existing parking lot; while enabling the City to procure more EV charging stations to serve an even greater number of consumers. The total project cost would remain the same.

Should you have any questions regarding this request, please do not hesitate to contact me at 562-804-1424, extension 2233 or at biniguez@bellflower.org.

Sincerely,

A handwritten signature in blue ink, appearing to read "Bernardo Iniguez", is written over a light blue scribble.

AGENDA ITEM #6

Contract Modification Request by
City of Covina

MSRC Agenda Item No. 6

DATE: January 16, 2020

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: Modified Statement of Work and Nine-Month Term Extension by City of Covina, Contract #ML18156

SYNOPSIS: The City requests to substitute one dual-port charging station for the two charging stations specified in the contract. The City also requests a nine-month contract term extension due to unforeseen delays in the delivery of the vehicles, as part of the FYs 2016-18 Local Government Partnership Program.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC reviewed the request and recommends approval

ATTACHMENTS: Contractor's letter requesting modification

DISCUSSION:

Contractor: **City of Covina**

Project Title: Purchase Four Light-Duty Zero Emission Vehicles and Install EV Charging Infrastructure

MSRC Funding: \$63,800

Project Term: February 1, 2019 to March 31, 2023

Current Request: Substitute one dual-port station for two single-port stations and one-year term extension

Previous Requests: None

Project Description: The City was awarded \$63,800 to purchase four light-duty ZEVs and install two publicly accessible Level II charging stations. To date, the City has completed installation of a dual-port charging station and has purchased two of the vehicles. Nothing has been paid to date under this contract.

Contract Request: The City requests to substitute the installation of the dual-port station for the installation of two single-port charging stations. The station installed will serve the same number of vehicles.

The City also indicates that they encountered unforeseen delays in receiving the first two Nissan Leaf vehicles that they ordered. The City requests a nine-month term extension to allow sufficient time to receive the final two vehicles and to fulfill the three-year operational requirements.

Recommendation: The MSRC-TAC reviewed the request and recommends approval.

December 3, 2019

Matt MacKenzie
MSRC Contract Administrator
South Coast Air Quality Management District
21865 Copley Drive
Diamond Bar, CA 91765-418

Dear Mr. MacKenzie,

Thank you for your consideration of the City of Covina's request to extend the time frame under the Local Government Partnership Program grant that was approved to us in 2018. We are kindly and respectfully asking for the time frame to be extended to December 31, 2020. We have successfully installed the EV charging station; however there has been an unforeseen delay with Nissan on the first (2) two EV Leaf's we have ordered. We received the first vehicle after a 7 month wait and are still waiting on the second vehicle to arrive.

Extending the time will allow us to ensure the other (2) vehicles are in-service before the deadline of December 31, 2020. I hope that this request will please be granted so we can do our part in improving the air quality and reducing pollutions in our community.

Also, we kindly request that a slight modification be accepted and approved. We installed a dual port charging station in lieu of 2 separate charging stations.

If I can be of any further assistance or require any additional information, please contact me at (626) 384-5220.

Sincerely,

Steve Pivovaroff
Public Works Manager

AGENDA ITEM #7

**Contract Modification Request by
County of Los Angeles Public Works**

MSRC Agenda Item No. 7

DATE: January 16,2020

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: Eighteen-Month Term Extension by County of Los Angeles, Department of Public Works, Contract #ML14027

SYNOPSIS: The County requests an eighteen-month term extension due to equipment order and construction delays by the vendor, as part of the FYs 2012-14 Local Government Match Program.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC reviewed the request and recommends approval

ATTACHMENTS: Contractor’s letter requesting modification

DISCUSSION:

Contractor: County of Los Angeles, Department of Public Works

Project Title: Install CNG Stations in Canyon Country and La Puente

MSRC Funding: \$500,000

Project Term: October 2, 2015 to June 1, 2024

Current Request: 18-month term extension

Previous Requests: Substitute installations in Canyon Country and La Puente for Downey and 13-month term extension

Project Description: The County was originally awarded \$500,000 under the MSRC’s FYs 2012-14 Local Government Match Program to install a CNG station in Downey, but this was subsequently changed to the installation of stations in Canyon Country and La Puente. Nothing has been paid to date on this contract.

Previous Requests: The County indicated that with the opening of Southern California Gas’ CNG station in Pico Rivera, their need for a station in Downey was diminished. However, the County determined that stations in two other locations--Canyon Country and La Puente—would serve a greater percentage of their Public Works fleet than the Downey location. The County requested to substitute these station locations for the station in Downey. The location changes

delayed the project, so the County also requested a 13-month contract term extension. At their August 18, 2016 meeting, the MSRC considered and approved the County's request.

Contract Request: The County indicates that they have encountered equipment order and construction delays associated with their vendor. MSRC staff are attempting to obtain further detail about the current project status. The County requests an 18-month contract term extension.

Recommendations: The MSRC-TAC reviewed the request and recommends approval.

AGENDA ITEM #8

Contract Modification Request by
Los Angeles County MTA

MSRC Agenda Item No. 8

DATE: January 16, 2020

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: Three-Year Term Extension by Los Angeles County Metropolitan Transportation Authority (Metro), Contract #MS14057

SYNOPSIS: Metro requests a three-year term extension due delays associated with to contracting issues with the consultant for the San Gabriel Valley Corridor Project. Additionally, it became necessary for the individual cities to contribute a share of the project costs, requiring increased coordination which delayed design processes, as part of the FYs 2012-14 Signal Synchronization Partnership Program.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC reviewed the request and recommends approval

ATTACHMENTS: Contractor's letter requesting modification

DISCUSSION:

Contractor: Los Angeles County Metropolitan Transportation Authority

Project Title: Implement Various Signal Synchronization Projects

MSRC Funding: \$1,250,000

Project Term: November 7, 2014 to October 6, 2020

Current Request: Three-year term extension

Previous Requests: One-year term extension

Project Description: Metro was awarded \$1,250,000 under the MSRC's FYs 2012-14 County Transportation Commission Signal Synchronization Partnership Program to implement the South Bay Corridor Project, the Gateway Cities Corridor Projects, and the San Gabriel Valley Corridor Project. Design for the projects is underway and nothing has been paid to date on this contract.

Previous Requests: Metro indicated that the San Gabriel Valley Corridor and Gateway Cities Corridors Projects experienced delays while processing the funding agreements with the

County. Additionally, there were scheduling conflicts with other projects for the South Bay Corridor Project. Metro requested a one-year extension. This modification was processed administratively.

Contract Request: Metro now indicates that contracting issues with the consultant for the San Gabriel Valley Corridor Project delayed the start date for its design. Additionally, subsequent to the original award, it became necessary for the individual cities in the project areas to contribute a share of the project costs. This in turn required increased coordination which has delayed the design processes. Construction of the South Bay Corridor project is now anticipated to be complete in December 2021, with the remaining projects complete in September 2023. Metro requests a three-year contract term extension.

Recommendations: The MSRC-TAC reviewed the request and recommends approval.

Metro

December 20, 2019

Matt Mackenzie
MSRC/AB2766
21865 Copley Drive
Diamond Bar, CA 91765

Subject: Funding Extension Request MSRC Contract #MS14057

Dear Mr. Mackenzie:

This letter is to provide justification for the extension of funds for Contract #MS14057. The scope consists of three projects: South Bay Corridor Project, Gateway Cities Corridor Projects, and the San Gabriel Valley Corridor Project. Los Angeles County Metropolitan Transportation Authority (Metro) and Los Angeles County Public Works (LACPW) are partners to implement the said projects.

LACPW has started to require individual cities to contribute their corresponding local match for these projects. As a result, there have been increased interaction and approval from the cities for the design elements which has caused delays. Contracting issues with the consultant for the San Gabriel Valley Corridor Project also delayed its start date for design. Design for the South Bay Corridor Project will be completed by April 2020 and the close out of the construction contract by December 2021. Design for the Gateway Cities Corridor Projects is expected to be completed by December 2021 and the close out of the construction contract by September 2023. For the San Gabriel Valley Corridor Project, design is anticipated to complete by October 2021 and the close out of the construction contract by September 2023.

To implement the projects, we are requesting a three-year extension for a new lapse date of October 6, 2023.

Should you have any questions or concerns, please feel free to contact me at (213) 418-3285.

Sincerely,

Eva Pan Moon
Manager, Transportation Planning

Vincent Lorenzo

AGENDA ITEM #9

Contract Modification Request by
County of Los Angeles Public Works

MSRC Agenda Item No. 9

DATE: January 16, 2020

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: Decreased Scope of Work and Value by County of Los Angeles, Contract #ML14096

SYNOPSIS: The County has determined that the tunnel lighting component of the project requires them to secure an Army Corps of Engineers permit for the installation of the solar panel poles on top of the San Gabriel River Levee. Due to the time necessary to obtain such a permit, and other alternatives investigated taking just as long or longer, the County requests to remove the tunnel lighting from the project and reduce the contract value by \$75,814, as part of the FYs 2012-14 Local Government Match Program.

FINANCIAL IMPACT: If the MSRC approves the County's request, \$75,814 would revert to the AB 2766 Discretionary Fund.

RECOMMENDATIONS: The MSRC-TAC reviewed the request and recommends approval

ATTACHMENTS: Contractor's letter requesting modification

DISCUSSION:

Contractor: County of Los Angeles, Department of Public Works

Project Title: San Gabriel Bike Trail Underpass Improvements

MSRC Funding: \$150,000

Project Term: May 3, 2019 to March 2, 2020

Current Request: Remove tasks and \$75,814 funding associated with lighting improvements

Previous Requests: Three-month term extension. ML14096 is a replacement contract for ML14093. Under ML14093: seven-month extension (requested, but not executed)

Project Description: The County was originally awarded \$150,000 under the MSRC's FYs 2012-14 Local Government Match Program to make the following improvements to the portion of the San Gabriel River Bike Trail where the Bikeway passes under the Interstate 10

freeway: a) re-grade and re-construct approximately 200 feet to improve drainage; b) install grated catch basins as needed; and c) install seven lights under freeway. Nothing has been paid to date on this contract.

Previous Requests: In December 2018, the County indicated that obtaining local agency encroachment permits had been taking longer than anticipated. There had also been unexpected design revisions requested by local agencies. Therefore, the County requested a seven-month contract term extension. The request was processed administratively, but the contract lapsed before the County returned the modification documents. The County then requested, and the MSRC authorized, a replacement contract.

In November 2019, the County indicated that pavement reconstruction and drainage work was expected to be complete at the end of the month. However, the County had by this time determined that the tunnel lighting component of the project required them to secure an Army Corps of Engineers permit for the installation of the solar panel poles on top of the San Gabriel River Levee. Due to the time necessary to obtain such a permit, and other alternatives investigated taking just as long or longer, the County requested to remove the tunnel lighting from the project. They further requested a three-month term extension to complete their final report and billing. Because the December MSRC-TAC and MSRC meetings were cancelled, the three-month extension was processed administratively in order to allow time for the MSRC to consider the remainder of the request. Additionally, MSRC staff informed the County that it would not be possible to remove the task without a corresponding reduction in contract value.

Contract Request: The County requests to eliminate the installation of lighting and to reduce the contract value by \$75,814.

Recommendations: The MSRC-TAC reviewed the request and recommends approval.

Ms. Leah Alfaro
Contracts Assistant
South Coast Air Quality Management District
21865 Copley Drive
Diamond Bar, CA 91765

Dear Ms. Alfaro:

**ASSEMBLY BILL 2766
MOBILE SOURCE AIR POLLUTION REDUCTION REVIEW COMMITTEE
LOCAL GOVERNMENT MATCH PROGRAM
REQUEST FOR CONTRACT EXTENSION AND SCOPE REDUCTION
SAN GABRIEL RIVER BIKE TRAIL TUNNEL UNDER INTERSTATE 10 FREEWAY**

This is a request for a 3-month contract extension to set a new end date of March 3, 2020, for Contract ML14096 as well as a scope change. The extension is necessary to enable us to submit the project completion report and final billing before the new end date.

Public Works is also requesting a project scope change to eliminate the tunnel lighting component of the project. Our project review did not identify the need to secure a United States Army Corps of Engineers (ACOE) 408 permit for the installation of the solar panel poles on the top of San Gabriel River Levee that is within the Los Angeles County Flood Control District right of way and is jurisdictional to the ACOE. We are requesting to eliminate the tunnel lighting component from the project scope as it can take over a year to obtain a ACOE 408 permit.

Public Works had considered alternative locations to install the solar panels, including the West bank of the San Gabriel River levee or on adjacent private property. These alternatives would require a ACOE 408 permit or the need to secure an easement, respectively, adding considerable time and uncertainty to the project timeline. See enclosure for more information.

Ms. Leah Alfaro
November 13, 2019
Page 2

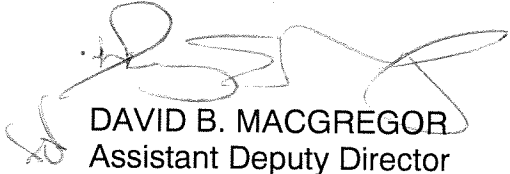

The pavement reconstruction and drainage work are tentatively scheduled to be completed by November 27, 2019. We have expended \$98,000 for the preparation of the design plans and securing permits. We estimate the costs for our public outreach, construction cost, construction cost, final project report and billing to be less than \$170,000

Our primary goal in this project is to correct the safety and vector issues associated with the ponding water in the tunnel. Your approval of this scope reduction and time extension will enable us to complete this bike path improvement project that is consistent with the guidelines of your grant program.

If you have any questions, please contact Mr. Mario Rodriguez, Transportation Planning and Programs Division, at (626) 458-3950 or mrodrigu@pw.lacounty.gov.

AGENDA ITEM #10

Contract Modification Request by
City of Eastvale

MSRC-TAC Agenda Item No. 10

DATE: January 9, 2020

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: Substitute Twelve Level III Charging Stations for Twenty Level II Charging Stations by City of Eastvale, Contract #ML16040

SYNOPSIS: The City indicates that their residents have expressed a strong desire for Level III (fast charge) stations. The City requests to substitute the installation of twelve Level III stations for the twenty Level II stations specified in the contract, with no change to the contract value, as part of the FYs 2014-16 Local Government Match Program.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC reviewed the request and unanimously recommends: 1) approval of the substitution of twelve Level III chargers for twenty Level II chargers; and 2) that MSRC funds only be used for nonproprietary EVSE project components.

ATTACHMENTS: Contractor's letter requesting modification

DISCUSSION:

Contractor: City of Eastvale

Project Title: Install EV Charging Stations

MSRC Funding: \$110,000

Project Term: January 6, 2017 to July 5, 2024

Current Request: Substitute twelve Level III charging stations for twenty Level II charging stations

Previous Request: Increase stations from two limited access and four public access to twenty public access, change locations, and two-year term extension

Project Description: The City was originally awarded \$110,000 under the MSRC's FYs 2014-16 Local Government Match Program to install six Level II electric vehicle charging stations; this was subsequently modified to twenty stations. No work has been completed and nothing has been paid to date on this contract.

Previous Requests: As a result of lower than anticipated costs and proposed changes in the proposed locations, the City requested to increase the number of stations to be installed from six (two limited access and four public access) to twenty public access. The City also requested a two-year term extension due to the location changes. At their August 15, 2019 meeting, the MSRC considered and approved the request.

Contract Request: The City indicates that their residents have expressed a strong desire for Level III (DC fast charge) stations, rather than the Level II stations specified in the contract. Additionally, of the tentative locations identified in the contract, two are developments which have only just broken ground, so that stations could not be installed for at least a year. The Eastvale Gateway Plaza, on the other hand, is an existing Lewis Retail Center. Lewis is ready to install stations now, and desires to install the best possible stations to avoid future costly upgrades. Therefore, the City requests to substitute the installation of twelve Level III charging stations for the twenty Level II stations specified.

The City has not yet made a final decision as to what type of Level III stations they would install, but one option under consideration is the installation of Tesla Superchargers. The Tesla chargers are only usable by Tesla vehicles. There are two other types of DC fast charging in use in North America: CHAdeMO and CCS. All major DC fast charger manufacturers offer multi-standard units that offer the ability to charge via CCS or CHAdeMO from the same unit. Tesla vehicles are capable of using CHAdeMO via an adapter.

Recommendation: The MSRC-TAC considered the request at their January 9, 2020 meeting. Several MSRC-TAC members expressed concerns about public funding being used to support a proprietary system which would not be usable by operators of non-Tesla electric vehicles. However, consideration was also given to the City's distinctive knowledge of the needs of their residents and the potential that a significant private investment opportunity could be missed. The MSRC-TAC recommends 1) approval of the substitution of twelve Level III chargers for twenty Level II chargers; and 2) that MSRC funds only be used for nonproprietary EVSE project components. This means that the City could select to use a nonproprietary charger technology. Or, they could choose to install the Tesla chargers but apply the MSRC funding to elements other than the charging equipment itself, including but not limited to site work and permitting.

December 19, 2019

South Coast Air Quality Management District
21865 Copley Drive
Diamond Bar, CA 91765-4178
Attn: Cynthia Ravenstein

RE: Request to Amend Contract Number ML16040

The City of Eastvale (City) is truly grateful for the awarded grant funds from the South Coast Air Quality Management District (SCAQMD). We again thank you for the funding and want to share the City's excitement of soon having its first public charging stations. In the process of research and getting closer to getting the first charging stations, we have learned more about what our City needs. The residents' outcry to the City, about every two weeks, for the past year, has been specifically for fast charging stations. The City is requesting an amendment to the MSRC contract to allow the grant funds to be used for: twelve (12) Level III charging stations for the Eastvale Gateway Center. The Developer estimates material costs for the twelve (12) Level II charging stations be over \$384,000 alone, with the total project cost over \$600,000.

The original contract number ML16040 between the South Coast Air Quality Management District (SCAQMD) and City of Eastvale (City) states installation of two (2) Level II type EV charging stations at the Fire Station located at 14491 Chandler Street and four (4) Level II type EV charging stations at a future City Hall. In June 2019, the City requested to amend the contract in order to install the following EV charging stations:

- Five (5) dual Level II charging stations at the Eastvale Gateway Plaza
- Five (5) dual Level II charging stations at the Station/Goodman*
- Five (5) dual Level II charging stations at the Merge*
- Five (5) dual Level II charging stations at the Hamner Place*

*These locations are tentative.

Two of the Level II charging station locations listed above in our previous request as "tentative" are about one year out from any potential charging station installation as these projects have just recently broken ground. Eastvale Gateway Plaza is an existing Lewis Retail Center (Developer). The Developer has shared their intent to install charging stations into the Eastvale Gateway Plaza to fill an immediate need for the city. These

potential charging stations would be the first available to the general public within the City, in a commercial/retail center. The Developer has many shopping centers in Southern California and has heavily invested into the City with several existing shopping centers as well as the future Hamner Place development. It is important to the Developer, and the City, that the installed charging stations within the center(s) be the best and utilize technology that is forward thinking to avoid future costly upgrades. Eastvale Gateway Plaza is one of the Developer's top-producing shopping centers in the region and is located immediately off the I-15 corridor making it a convenient and quick stop for transient traffic needing a fast-charge.

The Developer has done extensive research and feels that Level III (20kw+ fast charging stations), would be most beneficial in their Eastvale Gateway Plaza because of their tenant mix and would also be in line with the ongoing requests the City receives from its residents. Level III charging stations could potentially allow access to more electric vehicles (potentially 2 cars for every 1) than the Level II charging stations could support.

The City is unique in many ways. Being only nine years young and 85% developed, City staff is working very close with its developers to make strategic decisions on its future and existing developments. The City's average household income is \$123,000, nearly double the household income average for the County of Riverside which it's a part. The Developer understands the City's demographics and their Eastvale Gateway customer's needs and have identified Level III charging stations as the best fit for its Plaza.

Parts of the Developer's future Hamner Place development are scheduled to open Fall/Winter 2020. The Developer has communicated their intent to install two to four Level II charging stations within this development. Hamner Place will also be the future home of the City's first hotel where Level II charging stations would be more beneficial for overnight guests with longer dwell times.

Please consider this letter as a formal request to amend the contract. Feel free to reach us with any questions or concerns.

Thank you,

Kimberly Wright
Economic Development Manager

AGENDA ITEM #11

Contract Value Increase Request by
Better World Group Advisors

MSRC-TAC Agenda Item No. 11

- DATE:** January 9, 2020
- FROM:** Cynthia Ravenstein, MSRC Contracts Administrator
- SUBJECT:** Consider \$15,079 Contract Value Increase by Better World Group Advisors (BWG), Contract #MS21002 (\$250,000 – Programmatic Outreach Services to the MSRC)
- DISCUSSION:** At their June 20, 2019 meeting, the MSRC approved a proposal from BWG to perform additional research and outreach in support of development of the FYs 2018-21 Work Program. The MSRC authorized the work at a cost not to exceed \$25,165, to be met through a combination of reallocation from other tasks under BWG’s Contract #MS16030 and the allocation of an additional \$15,000. Following modification of the contract, Task Order #4 was issued in the amount of \$25,165 to authorize the work. In coordination with MSRC staff, BWG has proceeded to participate in meetings and workshops, reach out to potential project partners, and investigate collaborative opportunities. Given staff direction and the potential project partners’ schedules, BWG’s work has not proceeded as rapidly as originally anticipated. Contract #MS16030 expired on December 31, 2019. BWG requests that Contract #MS21002 be increased by \$15,079, the unexpended balance of Task Order #4, so that they can complete this work.
- RECOMMENDATION:** The MSRC-TAC reviewed the request and recommends approval.
- WORK PROGRAM IMPACT:** BWG’s request would utilize \$15,079 in unexpended funds from their previous contract, to complete work which the MSRC had previously approved. If the MSRC did not approve BWG’s request, this \$15,079 would revert to the AB 2766 Discretionary Fund.

AGENDA ITEM #14

2020 Clean Fuels/Clean Technologies
Conference Calendar

Clean Fuels and Clean Technologies Conference Calendar for 2020

January 2020

- Jan 12-16 2020 Transportation Research Board (TRB) 99th Annual Meeting, Washington, D.C., Website: <http://www.trb.org/AnnualMeeting/AnnualMeeting.aspx>
- Jan 22-23 Renewable Gas 360 (Formerly Rethink Methane) Sacramento, CA., Website: <https://www.renewablegas360.com/>
- Jan 28-30 2020 Hybrid and Electric Vehicle Technologies Symposium, Pasadena, CA. Website: <https://www.sae.org/attend/hybrid>

February 2020

- Feb 26-27 Hydrogen + Fuel Cell International Forum 2020, San Diego, CA., Website:**
<https://www.petrolplaza.com/events/23107>

March 2020

- Mar 3-6 20th Anniversary Work Truck Show, Indianapolis, IN. Website: <http://www.worktruckshow.com/>
- Mar 3 Green Truck Summit, Indianapolis, IN. Website:**
<http://www.worktruckshow.com/greentrucksummit>
- Mar 3-4 ACORE Policy Forum & Awards Gala, Washington D.C., Website:**
<https://acorepolicyforum.org/>
- Mar 4-6 Climate Leadership Conference, Detroit MI. Website: <https://www.climateleadershipconference.org/>
- Mar 15-18 30th CRC Real World Emissions Workshop, San Diego, CA., Website: <https://crcao.org/30th-crc-real-world-emissions-workshop/>
- Mar 19-20 California 2030 Summit (Calstart), Sacramento, CA., Website:**
